

HAS FAITH IN QUICK REMEDY FOR CATARRH

C. H. Demaray Guarantees that Hyomel Will Relieve The Worst Cases of Catarrh in Grants Pass

When one of the most reputable concerns in Grants Pass guarantees that a medicine will produce benefit or he will refund the money, it speaks volumes for the merits of that remedy.

The air destroys all germ life in the air passages and lungs and enriches and purifies the blood with the additional ozone it supplies.

KERBY

These fine sunny days contrast with the winter time just past and are enjoyed by all.

The snow has been gone scarcely a week and the spring beauties are beginning to blossom so that the children at noon time are seeking wild flowers.

Franklin Floyd and wife are making a visit to Grants Pass for a few days. Mr. Floyd has been somewhat under the weather for a short time and thought a few days in the city might improve him.

The Ivy Tatting club is reviving for the summer season. The meeting this week was held at the residence of Mrs. Dolly Woodcock.

Mr. Shrock, who has been confined to the house since last fall, was able to be wheeled about in a wheel chair this week.

A teachers' institute is announced for Kerby on the 26th, beginning at 10:15 a. m. We are promised the presence of Assistant State Superintendent Frank K. Welles, of Salem, and City Superintendent Daniel Hull, of Grants Pass, who will address the teachers and public on the occasion.

BULBS IN A BOWL.

An Easy Way to Cultivate Miniature Floating Gardens.

A novel way of growing bulbs, such as crocuses, has been tried with good success. After securing the bulbs the next thing is to get one or two rather large corks.

Now obtain a large shallow bowl and fill this with pure water. Float the corks, with the bulbs in place, on the surface and set the whole thing aside in a rather shady position for two or three weeks.

The upper shoots of the bulbs will start to grow rapidly, and at this time it is a good plan to arrange a little moss to hide the upper surface of the corks, or, if preferred, however, grass or some other seed, such as cress, may be sown to provide a green covering.

There is nothing to do but to keep the bowl well supplied with water and change this now and again. Finally the flowers emerge, and then the effect is extremely pretty. The bulbs may be planted in this way any time up to early January, though naturally the sooner they are started the earlier they will bloom.

MERLIN

The teachers' local institute for the northern part of Josephine county was held February 12 in the high school room at Merlin.

The proceedings were opened at the morning session by a service of songs, all present joining in singing the national anthem, "America."

"The Violets," a recitation by Miss Edith Ayers, was received with applause.

"Outline Work and How I Use It," the subject assigned to Dr. T. H. Vincent, of Merlin, was treated in a masterly manner by the gentleman.

After a short intermission, the institute reassembled and those in attendance were entertained by an instrumental duet rendered by Miss Inez Williams, teacher at Placer, and Lee Enyert, of the Merlin high school.

"The Fiend," a reading by Laura Keats, concluded the musical and vocal entertainment and the institute settled down to the business of the afternoon.

"Some Problems of a Rural High School," the first subject to be taken up, was discussed by a trio of high school teachers—Mrs. Alice Bacon, of Merlin; Chester Cook, of Wolf Creek, and Miss Elsie Philpott, of Hugo.

Mrs. Bacon's paper, evidently prepared with great care supplemented by thorough knowledge of the subject, presented interest and discipline as the two chief problems with which the teacher has to deal.

Mr. Cook, in his address, confined himself to a discussion of the practical aspects of the question, and furnished rich food for thought and practice in the conduct of a rural high school.

With many valuable suggestions as to material problems and the best methods of dealing with them, Miss Philpott closed the discussion.

"The First Year's Work in Algebra," treated by Superintendent D. Hull, of Grants Pass, gave the speaker and opportunity to present the methods employed in his branch of school work.

In a scholarly address on "Teaching of Thrift in the House and the School," Superintendent Hills threw a lurid light on the wastefulness practiced in the United States compared with some of the countries of Europe.

On motion by the teacher of the Galilee school, County Superintendent Lincoln Savage was unanimously nominated as a candidate for reelection to the office he now holds.

In an all too short address, Superintendent Hull paid eloquent tribute to the memory of our martyred president, Abraham Lincoln, on the anniversary of whose birthday the institute was held.

The Simpson Pass. The Simpson pass was a famous highway of travel long before Napoleon constructed the highroad. Milton came home that way from his grand tour, and so did John Evelyn. The latter traveler went in fear of his life, not only expecting avalanches to fall on him, but being apprehensive lest bears and wolves should issue from the caves in the precipices and assail him.
