Brakeman Pugh Killed— Word was received at Grants Pass yesterday of the death of G. M. Pugh Saturday morning at Anlauf, near Drain, resulting from an accident. Mr. Pugh was a brakeman on the Southern Pacific and was on a swing run between Grants Pass and Ashland up to within a few weeks ago.

Spraying for Codlin Moth— Pays, or is time and money thrown away—as you employ a good or poor quality arsenate of lead. The brand which we have sold for years—the Sherwin-Williams—has been clearly proved of the greatest merit—no other on the market can be superior—while some are practically worthless. We have this arsenate of lead in packages from one pound to 200 pounds. Sabin the Druggist. 723

Eighth Grade Examinations— County Superintendent Savage is now arranging for the eighth grade examinations to be held throughout the county on the 4th and 5th of May. It is expected that not less than 130 students will take the examination, of which number 20 will be of the Grants Pass schools. The examination in the Grants Pass district will be conducted by Mrs. C. L. Clevenger. In the other districts in which the examination is to be conducted the board names the person who is to conduct it.

Change in Train Time— The Southern Pacific has announced a change in the running time of several of its passenger trains, the changes to be effective on the 20th of the present month. Under the new schedule the most radical change will be in the time of train No. 53, which will arrive from Portland at nine p. m. instead of at 1:30 a. m. No. 54, running north, will arrive at 8:30 instead of at 8:10, and will pass No. 53 at Dimmick siding. Train 13, now arriving at 9:30, will change to 8:54, and instead of passing No. 14 at Grants Pass, will pass at Rogue River.

One Drawback. "You seem to be very comfortable here. Do you like the work of broom-making?" the female visitor to the prison asked a convict. "I've only one fault to find with my job here lady," replied the convict. "And what is that, may I ask?" "It's altogether too continuing."—Detroit Free Press

QUESTION RAISED BY LOSS OF INVERLYON

Queenstown, Ireland, April 15—William Ross, an American sailor from the bark Inverlyon, reported sunk by submarine gunfire, is in the hospital here today suffering from 35 hours exposure in a lifeboat without food. He is not in a serious condition. Several others were in the lifeboat. A second boat with 11 survivors is missing. Officials admitted that there was a serious question involved in the Inverlyon case. They were inclined to believe that since a boatload of sailors was reported lost, Americans aboard could not have been given the "full measure of safety" which the American notes demanded. Lansing has clearly explained that submarines must not turn passengers adrift too far from land and must consider their condition at sea.

POINTS DANGER OF BRILLIANT HEADLIGHTS

Editor Courier: The writer would like to call attention through the columns of the Courier to the great danger attending the use of the bright searchlights and headlights, with which so many of the autos are equipped, when driving upon the narrow country roads. The terrific glare completely blinds a team or driver coming in the opposite direction and makes it impossible for them to see where they are going and causes great annoyance and danger. Most of the larger cars are equipped with dimming attachments for the lights, and it is certainly criminal carelessness for a driver to neglect to do his part to promote safety on the road. AN AUTO DRIVER.

Announcement

The STAR theater believes it now has entrenched itself impregably upon the pinnacle which its patrons—because of contracts with the Paramount and Metro photoplay corporations that secure for the STAR every release of these organizations—declared it already had occupied in safety.

Heretofore, however, the STAR felt it had one vulnerable spot, namely, the Saturday night programs, and, to plug up this possible weakness, it has entered into a long-term contract with the William Fox Film corporation to supply the STAR'S bookings for this night.

Many persons believe the Paramount pictures are the best; others favor the Metro; while still others—liking best the ultra-violet and super-red-blooded, and desiring always to see goodness clobbered and virtue rewarded, as well as wickedness subdued and villainy flogged—declare for the Fox releases, particularly those gripping William Fox dramas.

At any rate, the STAR books them all. One may take his choice.

The STAR has been informed that it is the only motion picture theater in the United States booking the entire output of the greatest three photoplay producing corporations.

COLLEGE BASEBALL TEAMS PLAY TEN INNING TIE

Pullman, Wash., April 15—College fans today clamored for a return game between Washington State college and the Oregon Aggies. The two teams yesterday fought a memorable 10-inning, nothing-to-nothing tie. At the end of the tenth inning,

the game was called to permit the Aggies to catch a train.

The game was a pitching duel between Hartman of Pullman and Williams of Corvallis. Hartman fanned ten men and allowed five hits. Williams whiffed only five batters, but allowed just three safe bingles.
