Making a Scrap Book.

Man kind may be divided into two classes, those who preserve fugitive clippings and those who don't.

Two Medical Men.

Some time ago during a performance Sir Herbert Tree had the misfortune to slip while going from his dressing room to the stage and injure his shoulder rather badly.

When Your Foot Is Asleep.

After being for a long time in a constrained attitude a peculiar numbness and prickling are often felt in the arm, leg or foot.

The reason of the sensation which is decidedly uncomfortable while it lasts, is that pressure for a certain length of time deadens the sensibility of a nerve.

Big and Little Bibles.

There are no fewer than 119 different editions of the Oxford Bible in English, varying from the magnificent folio edition for pulpit purposes to the "brilliant" Bible, the smallest edition of the Scriptures in the world.

Hops as a Vegetable.

Of hops for the brewing vat we hear a good deal, but what of hops as a vegetable? The Romans ate them, and the Germans, at least the Bavarians do so.

Awaiting Her Chance.

Maud—I do wish Tom would hurry up and propose. Ethel—But I thought you didn't like him. Maud—I don't. I want to get rid of him.—Boston Transcript.

Why Suffer With Backache, Kidneys or Rheumatism Now?

Letter Titled of Long-looked-for Prescription.

Dear Readers—If I can do any good in the world for others, I wish to do it, and I feel that it is my duty to write about the wonderful results I received from the use of "Anuric."

Note: You've all undoubtedly heard of the famous Dr. Pierce and his well-known medicines. Well, this prescription is one that has been successfully used for many years by the physicians and specialists at Dr. Pierce's Invalides' Hotel and Surgical Institute, of Buffalo, N. Y.

Up to this time, "Anuric" has not been on sale to the public, but by the persuasion of many patients and the increased demand for this wonderful healing Tablet, Doctor Pierce has finally decided to put it into the drug stores of this country within immediate reach of all sufferers.

Simply ask for Doctor Pierce's Anuric Tablets. There can be no imitation. Every package of "Anuric" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Dr. Pierce's Favorite Prescription, the ever-famous friend to ailing women, and Dr. Pierce's Golden Medical Discovery, proven by years to be the greatest general tonic and reconstituent for any one, besides being the best blood-maker known.

PORTLAND MARKETS

Snails Very Nutritious.

"All snails are edible and nutritious," says Canon Hershey in a book on British land and fresh water molluscs. He goes on to say that even the common or garden snail, though insipid, is as nourishing as calf's foot jelly.

There is a large white shelled snail called Helix pomatia that is commonly eaten by connoisseurs in the south of England, while all over France, Italy and Spain several species are used as food. In France are many small farms which yield a good profit to their owners.

Snails are easy to raise in large quantities. They need lime for making their shells, but they do not have to be fed, as they can find their own food, which is exclusively the leaves of many plants.

The Shadow of Happiness.

How shall I find a name for that subtle feeling which seized hold upon me this morning, in the twilight of waking? It was a reminiscence, charming indeed, but nameless, vague and featureless, like the figure of a woman seen for an instant by a sick man in the uncertainty of delirium and across the shadows of his darkened room.

Defoe and Savings Banks.

Though Duncan of Duthwell was the founder of our first savings bank, the first suggestion came from Daniel Defoe. When he found himself compelled to hide from the bailiffs in a small Bristol inn he turned his enforced leisure and financial failure to account by writing the "Essay on Projects."

Bad Enough.

"I think that society editor is a mean, horrid old thing, so there?" exclaimed wife, looking up from the morning paper.

"What's the matter?" asked her husband, with a grin. "Did he take you at your word and leave your name out of the paper?"

"No," replied wife; "it isn't quite so bad as that, but he went and got the description of my gown all wrong."—St. Louis Post-Dispatch.

Horseshoeing in Chile.

Methods of horseshoeing in Chile are still primitive, the tools used being simple and few, consisting usually of a hammer, a rasp, a pair of pinchers, a crude knife and an anvil. There is no need of fire, for the workman beats the shoe into shape cold.

Lawyers and Advice.

"Lawyers must be men of wonderful self control."

"Why so?"
