WALDO

The Sunshine Fancy Work club met at the home of Mrs. R. A. Cook, of the Deep Gravel mine, Thursday afternoon.

After fancy work and conversation, the usual period was devoted to club business. The club decided to have a permanent club room in Waldo, where the meetings will be held during the summer.

At the close of the meeting refreshments were served to the following: Mesdames Mary White, Sylvia White, M. H. Akerill, Frank Harris, J. A. Dyser, Elsie Corbett, J. A. Dyer, R. A. Cooke, and the Misses Julia and Ruby O'Brien, Mary Wilson, Sadie Payne, Maude Matheny, Pearl Law.

KERBY

The "warm spell" is here at last. It has been looked for and prayed for, but it has come with interest. The temperature has for this week ranged from about 90 on Monday to 93 on Thursday.

Grain, grass and vegetables are making rapid growth at present. As long as water for irrigation holds out, rapid growth may be hoped for.

A trip up Sucker creek valley shows that harvest is just beginning. Several ranchers are now busy making hay. Crops look very well, considering that the spring has been a backward and cold one.

E. M. Hutton, representing the Western Bankers Life Insurance company, of Lincoln, Nebraska, visited Kerby and the Illinois valley looking up business in the insurance line.

He expects to return soon and get better acquainted with our people. Mr. Maxwell, of Grants Pass, brought Mr. Hutton into the valley and returned to Grants Pass with him. He proved the ability of the Chevrolet auto to run over roots and stumps, wade ditches, climb trees and several other feats.

Nearly one hundred tons of chrome ore has been hauled to the railroad at Waters Creek for shipment to the east. If this shipment proves to be profitable, then the Illinois valley will become famous, for from accounts of prospectors there are immense quantities of that mineral in this immediate region.

The Odd Fellows of Kerby are preparing to give a reception to the Grants Pass lodge on Saturday evening of this week. The manner in which the Grants Pass lodge received the boys last week has stimulated them to put forth their best efforts to make the Grants Pass brotherhood welcome. We anticipate a good attendance from Grants Pass as well as from the home membership, which is scattered all over Illinois and Sucker creek valleys.

LELAND

Mrs. Amy Klum and daughter, Edith, started for Looming, Nevada, Sunday, where they expect to spend the summer.

Miss Margaret Strong went to Cottage Grove last week to attend the wedding of her cousin, Truman Strong.

James Fretwell went to Ashland last Sunday.

Miss Mand Walters returned from Monmouth Thursday, where she has been attending normal.

Charles Ellis left for Reno, Nevada, Sunday, where he expects to find employment.

MAN WHISTLES AS HE SLAYS WOMAN

Seattle, June 17.—Her throat cut by a cold-blooded murderer, who whistled a popular tune as he committed the crime, Mrs. Blanche Coleman, 35 years old, was found by neighbors murdered in her apartment at the Christie hotel here early this morning.

John T. Soudar, cigar dealer, 23, is held by the police as a suspect. He is said to have been in love with the woman and was a frequent visitor. He was arrested at his stand, a short distance from the scene of the murder, after detectives found a bundle of bloody clothing in his room at the Denny Hill hotel.

Neighbors heard a man and woman quarreling early Friday evening. At 4 o'clock this morning they heard a stifled cry by a woman. The man was whistling. The whistling continued for some time, then the man left. His departure was witnessed by Mrs. Agnes Hennessy and William McBroom, who occupied adjoining rooms to Mrs. Coleman's. He was whistling as he left the building.

Believing that something had gone wrong, Mrs. Hennessy knocked on Mrs. Coleman's door. There was no response. The door was unlocked, and the murder discovered.

Mrs. Coleman was the foster daughter of A. R. Grosvenor, 2743 Avenue D, Council Bluffs, Iowa. She recently divorced Clyde Harpole here.

SOLDIERS FIRE ON BANDIT BAND

San Antonio, June 17.—General Parker reported to General Funston from Brownsville this afternoon that a detachment of Colonel Bullard's command fired on a band of Mexicans eight miles east of San Benito, Texas. It is not known whether any bandits were killed, as they scattered into the brush and recrossed the line. Bullard said he would follow them across the border if he could find a good trail. Travelers from Del Rio said today that 200 Mexicans have crossed the line there. This could not be confirmed at Funston's headquarters. American troops are building pontoon bridges near Del Rio and have machine guns trained across the river.

Funston said this afternoon that he had received no direct word from General Pershing regarding the report that General Trevino, Carranza's northern commander, had issued a veritable ultimatum against further movements by the punitive expedition forces, or entrance of more troops into Mexico. Big red-lettered posters distributed throughout San Antonio bear this announcement: "Volunteers wanted for immediate service on the border. Coast artillery company, Laredo. Apply in person or by mail to the recruiting office, Laredo."

TRAINMEN WILL TAKE STRIKE VOTE

New York, June 17.—The four organizations of railway trainmen which have been refused demands for an eight-hour working day and time and a half for overtime, are to take a strike vote, the result of which will be in the hands of the leaders August 1, when the demands will be renewed. Grand Chief Garretson of the Railway Trainmen said today the ballots will be printed before night and will be given to the local officers of the trainmen now in town. They will leave at once for their homes.

FIRE AT LAKEVIEW CAUSES \$75,000 LOSS

Lakeview, Oregon, June 17.—Damage to the extent of \$75,000, it was estimated today, was caused by the fire which wiped out a large part of the business and residence districts of Lakeview last night. Ten business houses, nine residences, the opera house and a laundry building were destroyed. The telephone and electric light systems were put out of commission. Several people fighting the flames collapsed from the intense heat.

The flames, fanned by a heavy wind, spread rapidly and completed their work in two hours.

WRECK OF BEAR HIGH ON BEACH

Eureka, Cal., June 17.—Sightseers walked to the wrecked steamer Bear, dry-shod, today. During the night heavy seas forced the stranded vessel shoreward and a shoal formed around her, so she is now high and dry on the beach. The liner is imbedded deeply in the sand. Experts believe it will require months to free her, if it can be done at all.

Federal Inspectors Guthrie and Dolan are in Eureka gathering testimony to be used at the investigation here Monday. Coroner Hansen will be the star witness. Hansen declared at the inquest into the death of the five victims that Captain Lipebender was at fault in launching lifeboats when the ship was in no danger of breaking up.

ENFORCE VIRGINIA'S BLUE LAWS TODAY

Richmond, Va., June 17.—Virginia will be paralyzed socially and economically tomorrow if authorities carry out their announced decision to enforce blue laws.

With prohibitionists in power all over the state, they say that anti-prohibitionists are trying to make the reform laws ridiculous by strict enforcement.

Authorities say they are going to arrest engineers of freight trains, chauffeurs, telephone and telegraph operators, bootblacks, and confectioners, proprietors of amusement places, druggists who sell anything but medicine, cigar store men, newspaper workers from editors down, choir singers, street car employees, baseball players, golfers, bathers and all who try to sail, row or run boats for pleasure or profit, fishermen, persons who do "unnecessary" house or farm work—everybody, in fact, who does not stick close to the straight and narrow path and be mighty careful how he does that.

Officials have been instructed to apply the letter of the law. Written or formal verbal complaint is all that is necessary for arrests under the statute, which dates back to 1790.
