WAR NOT TO END

(Continued From Page 1.)

pared for any terms we could accept. The German government knows that Germany will be beaten, but the German people don't know it yet. The government has fed them on falsehoods and now fears to accept terms which would recognize its own failure.

"Thirdly, peace now on Germany's terms would not be permanent, but a mere truce.

"Lastly, we are fighting for great principles, vital to the future of mankind, which Germany has outraged and which must be vindicated. We do not hate the German people. We do not desire to destroy their national unity or inflict permanent injury upon them, but we do desire to exorcise the evil spirit and discredit the military caste delighting in war and threatening all countries, America included. Nothing but defeat can destroy its spirit and deliver the German people from the yoke.

"What England wants is security for herself and her dominions, the deliverance of Belgium and France, such changes in the east as to make it impossible for the Turks ever again to massacre Christian subjects or become vassals or tools of Germany in her projected eastward advance.

"The allies are bound and resolved to prosecute this war until victory is won for principles and peace established on the sure foundations of justice and freedom."

TWELVE KILLED IN 4TH OF JULY CELEBRATIONS

Chicago, July 5.—Statistics compiled by the Chicago Tribune today shows 12 were killed and 400 injured in Fourth of July celebrations. This is a favorable comparison with last year's record when 18 were killed and 502 injured.

Deadly Assault

Among the offenders huddled in the dock before a police magistrate was a most respectable looking grocer. He was charged with assault.

"Why did you strike this man?" was the first question the magistrate put to him.

"Well, your honor," said the grocer, "what would you counsel do if you kept a grocery store and a man come in and asked whether he could take a moving picture of your choice?"—New York Times.

Celebrate at Wilderville

A Fourth of July celebration in the form of a neighborhood picnic was held at Wilderville yesterday. All the people of Wilderville gathered on the banks of the Applegate on the Robinson farm and listened to the orator of the day, Judge Basler. Mrs. Basler gave a few readings and the other parts of the program included bathing and boating in the river. A marksmanship contest was also staged.

GREAT CROWD AT ASHLAND FOURTH

Grants Pass sent a large representation to the Ashland celebration Tuesday, and the lithia city entertained her guests in royal manner. The city was filled with the greatest crowd ever gathered in southern Oregon, the number being variously estimated as from 19,000 to 29,000 people. The chief attraction was the Rogue River Round-Up stunt, after the fashion of the Pendleton Round-Up, and exploiting many of the same riders and outlawed horses. The celebration, which is also in the nature of a dedication of the magnificent \$175,000 Lithia park just completed by the municipality, is continuing over today and Thursday. The Grants Pass Moose band was one of the four bands supplying music on the Fourth, and it won many compliments for the character of the melody which it discoursed. Thursday will be Grants Pass day at the celebration, and there will be another outpouring of the population of this end of the valley at that time.

Binns, of Santa Barbara, and Ira S. Binns, of Albany. The funeral will be held Thursday, at 2:30 o'clock, from the St. Luke's Episcopal church, interment in Granite Hill cemetery. Friends wishing to view the remains will call at Hall's undertaking parlors Thursday, between one and two o'clock.

Queer Errors

The error in our biographical dictionary in which it is said that from 1888 to 1890 Roosevelt was "president of New York" reminds the Philadelphia Ledger of the fine old typographical error that crept into one of Horace Greeley's editorials. "There is no barn in Guilford," asserted the editorial, Greeley having written, "There is no barn in Glend."

WASHINGTON STATE MILITIA EN ROUTE

Four long troop trains, carrying the members of the Washington national guard, passed through this city this forenoon en route to the Mexican border. The first train carried the headquarters staff, and several cars were loaded with Red Cross ambulances and supplies. The boys were in fine spirits and copies of the Carranza reply given them through the courtesy of the Courier, which had just received it by wire from Washington, did not seem to meet their idea of the situation. The Carranza reply was most conciliatory in tone, but the boys in khaki were anxious to get after the Mexican and his rabble. Aboard the train were a number of soldier boys who had friends in this city who greeted them during the few minutes the train stopped here. With company I of Spokane was Jasper LaFollette, son of Congressman W. L. LaFollette, and a former classmate of Niel and Wilford Allen, Jr.

Baby Carriages

The best thing every newly married couple ought to invest in is a baby carriage. They come in one, two and three passenger sizes and should be replaced every two or three years.

As a substitute for a motorcar the baby carriage has no equal, although it contains the possibility for more accidents. Baby carriages, as a rule, are propelled either by proud fathers wearing silk hats or by total strangers. Each baby carriage is provided with a brake, which prevents it during its life time from exceeding the speed limit. This early example of roadblock, however, does not always have its effect upon the occupant in after life.—Litt.

The Refreshing Charm of good tea is in its delicate flavor
Unfortunately, the world is not full of good tea. You must choose with care. Those many women who use Schilling's Best know that the cost of good tea is very, very little. But this is not the only reason for their preference. Another reason—a very real reason—is that each of the four taste-types (Japan, English Breakfast, Ceylon, Oolong) brews tea of indescribable charm.

Send for the Taste Packet which makes it easy for you to find the type of tea that you like best. Contains four parchment envelopes of Schilling's Tea—Japan, English Breakfast, Ceylon and Oolong. Enough for five or six cups of each kind. Mailed promptly on receipt of 10 cents (stamp or coin). Address: A. Schilling & Company, 333 Second St., San Francisco.
