**SHE SET A TRAP FOR HUBBY.**

**Suspicious Wife Cures Him of the Traditional Failing.**

The wife of a Dorchester (Mass.) man who had the traditional failing—he forgot to mail letters—has cured him. The mail is delivered at their home before the breakfast hour, which is comparatively late. One morning she said to her husband:

"Did you have any mail this morning, dear?"

"Only a circular," he answered as he bit into a fine brown slice of toast.

"H'm," said wife. "By the way, did you mail the letters I gave you yesterday?"

"Sure I did," was the righteously indignant reply.

"Well," answered wife, with an eloquent smile, "it's funny, then, you had no letters this morning, because one of those I gave you to mail was addressed to you—just as a sort of key."

**Hogarth Used to Forget.**

William Hogarth, the famous English artist, was so absent-minded he caused his friends much entertainment. When he was prosperous enough to have his own carriage he first used it to make a call upon the lord mayor. When he came out of the Mansion House it was raining hard, and the artist tramped the entire way home, wet to the skin. When asked why he had not come in his carriage he said he forgot all about it, and a messenger had to be dispatched to the coachman to tell him to return.

**SEE PEAR BLIGHT DEMONSTRATION**

Grants Pass was well represented at the demonstration at the southern Oregon experiment station Thursday afternoon, a dozen auto loads of people going from here. Director Reimers of the station has made a most comprehensive study of the pear blight as it affects orchards in the valley, and has already determined a number of facts that will save the growers much future concern. The station is now conducting experiments for the development of pear stock that will prove resistant to blight, and the experiment plots contain the greatest variety of pears, especially the wild kinds from foreign lands, ever brought together in the world. Through a series of inoculation, the degree of resistance of each variety is definitely determined. Numerous experiments in pruning of pear trees are also in course at the station. Because of recent cutting of the hay the demonstration of alfalfa under different fertilization was not possible. At least 150 fruit growers from different parts of the valley were present.

County Agent Thompson, of Josephine county, states that arrangements are now being made for a livestock demonstration in this district in the very near future. It is proposed to invite the farmers of southern Oregon to gather at South's Winona ranch, where Prof. Reimers and others will discuss some of the problems that surround swine production in the Rogue valley.

**COUNCIL FORFEITS R. R. P. S. CO. BOND**

The ordinance through the operation of which the \$1,000 bond given by the Rogue River Public Service corporation will be declared forfeited and made payable to the city of Grants Pass was passed by the council last night, and is now in force and effect. More than a year ago the Public Service corporation, through Manager Sanders, was granted a franchise for the construction of an electric lighting system within the city. A bond of \$1,000 was entered into for the performance of the terms of the franchise, which provided that two miles of wire should be erected within the city and carrying current within nine months. The time limit expired last spring, and work upon the system within the city had not been commenced. The bond was given through the American Surety company. The ordinance declaring the forfeiture was up for action at a previous meeting, but was laid over because of the request of Mr. Sanders, who wrote from Salt Lake stating that his activities in the interests of the sugar factory had forced him to neglect the Public Service enterprises, and asking further time. In that letter he indicated that he would soon be in the city again, and requested delay till in August. The ordinance was laid over for two weeks, but no further word coming, the council last night took action upon it. Six members, Councilmen Bunch, Burkhalter, Demaray, Herman, Knips and Paddock, voted for the forfeiture. Councilman Atchison voted against the passage of the forfeiture ordinance, indicating that he favored granting the Sanders' request till August. Councilman Burke was absent.

The ordinance amending the traffic regulations of the city was passed. Under this all autos and other motor-propelled vehicles are required to go to a street intersection before turning around. The provision does not apply to horse-drawn vehicles. Another amendment permits the dray and delivery teams to stand when de-

liveries are being made without being tied, providing the wheels are locked with a sufficient brake.

**MEETING NOTICE**

A cordial invitation is extended to readers of the Courier to attend the camp meeting of the Church of God, which will be held near the school house on the E. C. Neesley farm, 12 miles west of town. Visiting ministers from Washington and northern Oregon are expected to be present and assist in the preaching.

Good camping privileges free. Every effort possible will be taken to make all comfortable and enjoy the outing as well as the meeting.

Meals can be secured on the grounds if desired.

By way of correction, I wish to say false reports have gone out that we were of the class known as Holy Rollers, which is absolutely false in every part. We have no affinity with that work. We will be glad to have you come and investigate for yourself.

Those wishing to come by train to Merlin will be met and conveyed to the grounds on July 26, free of charge. Respectfully yours,  
J. L. GREEN, Pastor.
