Get It Exact
"Why is it that the butcher always sends me more meat than I order, never by any chance less?" complained a young housekeeper to her husband.
"Let me give him an order," said he, and, stepping to the telephone, he called up the market.
"Send me two pounds of porterhouse," he ordered, "and, say, if you can't cut two pounds make it a pound and a half."
He got the two pounds by the next delivery.—New York Sun.

There Are Stores in This City So Good That They Could Use Twice as Much Advertising Space as They Now Use—and Make It Pay!

THE BETTER THE STORE THE BETTER THE ADVERTISING PAYS. Your own observations in the store-world will confirm this truth.

PUBLICITY is bad only for a bad proposition. It is just as surely good for a good one.

What IS a "good store"? One that really SERVES THE PUBLIC, protecting its patrons as to VALUES, not merely as to PRICES.

There are many stores in this city answering to that definition completely. In every city there are always some stores that do not.

An important phase of a GOOD STORE'S SERVICE TO ITS PATRONS is its newspaper advertising. This should be complete, frank, informing. It should tell the store news as fully as a good newspaper tells the news of the day.

Perhaps the best possible NEW POLICY for the GOOD stores of this city to adopt would be that of DOUBLING THE ADVERTISING SPACE THAT THEY USE—thus giving them "elbow room"; giving them bigger opportunities for telling their patrons, in detail, about every selling event, about every bargain offering, about every dollar's worth of new stocks. Of course, even HALF ENOUGH ADVERTISING pays the really good store; but ADEQUATE ADVERTISING would pay much better.
