SUFFRAGE PARTY TO HAVE NEW NAME

Atlantic City, N. J., Sept. 8.—The name "National Woman Suffrage Party" may supplant "National American Woman's Suffrage Association" as the title of the national organization of suffragists, following a discussion at this afternoon's session of the convention.

The women advocating the change declare the present name too cumbersome. They believe their proposal will go through by a big vote.

The convention will also consider the adoption of a new national suffrage emblem. The design suggested by Pennsylvania delegates, a flag with a yellow field in the center of which is an eagle with outstretched wings standing upon a globe, is most favored.

Surrounding the eagle and the globe are 11 stars, symbolical of the states in which women enjoy the franchise. This flag is regarded as more artistic and expressive than the present plain yellow flag of the suffragists.

Nominations were to be made today for three offices on the national board. Mrs. Frank Roseing, first vice-president; Miss Hannah J. Patterson, corresponding secretary, and Mrs. James W. Morrison, recording secretary, will resign.

Mrs. Walter McNabb Miller, of Columbia university, Missouri, is mentioned for first vice-president, and Mrs. Thomas Jefferson Smith, of Kentucky, is slated to succeed Mrs. Miller.

Out of deference to his wishes, no escort will accompany President Wilson to the Auditorium when he arrives to address the suffragists tonight.

Volcanic Ash.

The destructive Philippine volcanoes have value for one thing at least. They are directly responsible for the finest hemp producing area in the world. Hemp thrives in a soil heavily impregnated with volcanic ash.

"The Laocoon"

The famous work "The Laocoon" was modeled by the great artists of Rhodes about A. D. 70. It represents the death of the Trojan hero Laocoon, priest of Neptune, and his two sons, as described by Vergil. It was discovered near Rome in 1506 and purchased by Pope Julius II. It is now in the Vatican. "The Laocoon," like "Hamlet," has provoked a world of comment, but all agree that it is one of the masterpieces of artistic expression.—New York American.
