

"Have a Hot one!"

Don't eat COLD TOAST when you can make HOT TOAST on your table

The G-E Toaster

will serve you with hot toast just as you want it and when you want it.

It makes toast popular alike with those who have to prepare it and those who eat it. It makes toasting easy and gives better results than any other method. In fact, electric toast will spoil you for any other kind.

Will YOU "have a hot one?"

MORGAN INTERESTS MAY CAUSE STRIKE

New York, Sept. 16.—Driven against the "Morgan interests," which they charge are opening a general fight against unionism in the present transit strike, the Central Federated union of New York today submitted to individual unions, recommendations for a sympathetic strike and for a

boycott of subway, elevated and surface cars. The resolution adopted recommendations as a preliminary to the general strike, "that longshoremen, boatmen, teamsters, engineers, firemen, and plumbers, whose labor is keeping the traction cars running, stop work immediately."

"We guarantee to support them to the end," the resolution said.

"If they call out trade unions it won't affect us; we have large supplies of coal in store and can get more," was the reply of President Shontz of the Interborough, to the strike threateners.

Using the argument that the "Morgan interests" are determined to crush unionism, six unions already have authorized their leaders to call strikes at their discretion, according to one report today. The machinists' union, with 20,000 members here, has ordered a vote on the strike. It is said, and longshoremen are scheduled to meet tomorrow at one o'clock for a similar vote.

Police reports today showed 37 persons injured and one man killed on traction lines affected by the strike in the last 24 hours.
