

## Better Service to You

IT IS the desire of the First National Bank of Southern Oregon to render its patrons every service and accommodation that can reasonably be expected of them.

In accordance with this policy, the Bank has just added to its equipment a Burroughs Bookkeeping Machine. This machine affords absolute protection from error in figure handling.

The increased speed, accuracy and protection of this mechanical bookkeeping system, added to our thorough knowledge of good, consistent banking and business methods, makes it possible for us to offer you an improved service that is equal to that furnished by the country's most progressive banks.
