### A Monkey and a Knot.

The monkey's intelligence has never been able to arrive at a point which enables that animal to achieve the untying of a knot. You may tie a monkey with a cord fastened with the simplest form of common knot, and unless the beast can break the string or gnaw it in two he will never get loose. To untie the knot requires observation and reasoning power, and, though a monkey may possess both, he has neither in a sufficient degree to enable him to overcome the difficulty.

### A Kind Husband.

Mrs. Flatbush—Oh, dear! Mr. Flatbush—What's wrong now? "Oh, I read today that if the earth were to revolve seventeen times faster than it does bodies at the equator would lose their weight and remain stationary in the air without support." "Don't worry, dear. If we ever get there I'll support you just the same."—Yonkers Statesman.

### Appreciated at Last.

"You seem to be tremendously pleased with yourself," remarked one sojourner on the banks of the Styx to another.

"I have every right to be," responded the shade addressed. "I have just paid a visit to earth and had an opportunity to hear my widow describing my virtues to my successor."—Richmond Times-Dispatch.

## HUNT FOR MEANS TO FINANCE WAR

New York, Mar. 31.—The strong pacifist influence in America today suddenly turned from efforts to prevent war to means of financing it. Simultaneously it became known that a plan put forward, headed by Amos Pinchot, to place the entire financial burden of the war upon persons with incomes of more than \$5,000 per year, has been endorsed in high government circles.

The greatest significance was placed upon the sudden action of leading pacifists because of belief that they were in close communication with Washington leaders. While they insisted that they "still hoped" for peace, their actions indicated that the hope is practically dead.

The committee, in its announcement today, pointed out that the heavy death toll of war will be upon the working people of the country because of their greater numbers.

With this in view, it calls for signatures to a pledge to demand legislation for a special war income tax on all incomes over \$5,000 a year.

The schedule calls for a tax of 2 1/2 per cent on all incomes from \$5,000 to \$10,000 per year.

On all incomes over \$10,000, a sliding scale beginning at ten per cent and rising to a point that will permit no individual to retain a net income of more than \$100,000 per year, is proposed.

The pledge further calls for legislation limiting net profit on all war supplies to 3 1/2 per cent and provides that no wholesale or retail dealer shall sell foodstuffs or other necessities at a profit greater than six per cent during the war.

"We do not believe that any real patriot wants the poor people of the nation to bear the burden of the cost of war, in addition to the burden of fighting and dying," said Pinchot today. "Our committee is not made up of peace-at-any-price persons, and there is no one within the committee that has Germany sympathies. Our plan has been guided by America's experiences in past wars with greedy patriotism."

## Use "Gets-It," Lift Corn Right Off

Shrivels, Loosens—and It's Gone!  
 "Just like taking the lid off—that's how easy you can lift a corn of your toe after it has been treated with the wonderful discovery, 'Gets-It.' Hunt the wide world over and you'll find nothing so magic, simple and easy as 'Gets-It.' You folks who

have wrapped your toes in bandages to look like bundies, who have used salves that turned your toes raw and sore, and used plasters that would shift from their places and never "get" the corn, and who have dug and picked at your corns with knives and scissors and perhaps made them bleed—just quit these old and painful ways and try "Gets-It" just once. You put 2 or 3 drops on, and it dries at once. There's nothing to stick. You can put your shoes and stockings right on again. The pain is all gone. Then the corn dies a painless, shriveling death. It loosens from your toe, and off it comes. "Gets-It" is the biggest selling corn remedy in the world today. There's none other as good. "Gets-It" is sold by druggists everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Grants Pass and recommended as the world's best corn remedy by George C. Sabin and C. H. Demaray.

plan has been guided by America's experiences in past wars with greedy patriotism."

"The proposal may even furnish more money than is needed to finance the war. Any surplus logically could be used as a sinking fund for pensions.

"An idea of what such an emergency law would do can be seen in the case of the DuPont family, popularly reported to have an annual income of \$80,000,000. Taking out \$100,000 allowance for each of the ten or so members of the family, would leave a net return to the government of approximately \$79,000,000 a year.

"Recently we have been asked to sign a meaningless pledge of loyalty to the country, which was, in effect, an insult to any real American's patriotism. Here is a pledge that is something more than empty words. It is practical patriotism."

### The Peoples of India.

The population of India speak about 150 different languages and are divided up into forty-three distinct nationalities. There are 2,378 main castes besides a large number of subcastes. There are 200,000,000 Hindus, 50,000,000 Mohammedans, while among the Hindus there are 50,000,000 of degraded people of no caste, whose touch or even shadow is supposed to cause pollution.

Limited in number, but mighty in influence, are the Parsees, who hold the wealth of Bombay in the hollow of their hands and dwell in the loveliest mansions around the coast. They conform to European customs and live as much like Europeans as is possible for a colored race. Yet these people still worship the sun.

### The Seychelles Islands.

The Seychelles islands form an archipelago of 114 islands and are situated about 1,400 miles east of Aden and 1,000 miles from Zanzibar. They rise steeply out of the sea, culminating in the Isle of Mahe, which is about 3,000 feet above the level of the ocean and is nearly the center of the group. All the islands are of coral growth. The houses are built of a species of massive coral hewn into square blocks which glisten like white marble.

### Trying to Oblige.

"What's your name, my poor man?" asked the kind hearted woman. "Lady," replied Phidding Pete in blushing, "me name is Lord Reginald Courtenay Thorpe." "Are you sure that's your real name?" "No. I jes' thought it 'ud be a nice name fur you to use if you wanted to put de fact dat you had given me a sandwich an' a cup o' tea in de society news."—Washington Star.

### There Are Others.

"It is very strange that no one has ever been able to find Captain Kidd's treasure." "Oh, well, Captain Kidd isn't the only man who has put his money into real estate and couldn't get it out."—St. Louis Post-Dispatch.

### The Whole Period.

"There is a period in a woman's life when she thinks of nothing but dress." "What period is that?" "From the cradle to the grave."—Puck.

Beauty is the first present nature gives to women and the first it takes away.—Mere.

**Ruskin's Boyhood.**  
 Ruskin's mother was an extraordinary woman. She was an evangelical Puritan of the strictest type and held strong views even on the sinfulness of toys. An aunt once bought the boy a Pinch and Judy, but his mother immediately put it away, and he never saw it again. "My parents," Ruskin once said, "debarred me from all exercises but walking. They would not let me ride lest I should be thrown; boating was dangerous because I might be drowned, and boxing my mother thought vulgar exercise."
