OREGON WEATHER

Tonight and Wednesday rain, warmer tonight; southerly winds reaching gale force along the coast.

A PHASE OF PREPAREDNESS.

War brings with it economic problems that are almost as difficult as the military problems. The side of the nation that touches all, but that can be in a large measure held under reasonable control by an active campaign for the back-yard garden. All over the nation the farmers are being urged to increase their plantings of the staples to make good the great shortage in the wheat crop.

To supplement this, the planting of gardens and the cultivation of vacant city lots is being generally followed as a preparedness move and its importance will be far-reaching if it is universally followed.

The present food shortage will be greatly intensified by the withdrawal of many producers who are being called into the military service. With our entrance into the war, our obligations to furnish food to the allied nations will be greatly increased.

Vacant city lots and back yards afford the best means for prompt relief in production. If these are properly used for raising vegetables and poultry, thousands of dollars worth of food products can be added to the normal supply in a few months.

It is respectfully suggested that all organizations interested in the public welfare should get together and plan a campaign for their respective communities. A joint committee representing commercial clubs, women's organizations, parent-teachers' associations, school of socials, and other organizations interested in public problems should appoint representatives to serve on a joint committee to be charged with the direction of the campaign.

We shall be glad to send a supply of these publications upon receipt of evidence that this work is being efficiently organized in your community.

"I won't be ready to give you this for two years. It's for VELVET."

We Won't Say VELVET is the Best Pipe Tobacco—

We couldn't until we had tried every tobacco made, but we know that most American pipe smokers agree that Kentucky Burley is the world's choicest pipe tobacco.

We know that this tobacco can only be at its best after two years' natural ageing, and we take the time and pay the price to age VELVET in Nature's sure, patient way.

You ought to know what we know about VELVET'S mildness, mellowness and taste. Well, it's mighty easy to know, and you can never learn younger than right now by trying VELVET yourself, today

FIRE BREAKS OUT IN MIEHLE PRESS PLANT

Taunton, Mass., April 10.—Fire broke out here early today in the plant of the Miehle Press company. The plant has been manufacturing shells for the Russian government.

PRINCE FREDERICK KARL, AVIATOR, IS KILLED

Amsterdam, April 10.—Berlin today announced official confirmation of the death of Prince Frederick Karl, an aviator, reported missing several days ago.

WAR AFFECTS LIFE INSURANCE POLICIES

New York, April 10.—War riders are being attached to life insurance policies by nearly all life insurance companies. Some of these cancel policies immediately on information that the insured has joined the navy or army for war service; others specify an additional premium with restrictions of payment in event of the death of the insured.

The Aetna stipulates that if the insured engages in any aeronautic or submarine expedition within two years of the riders' date, the policy shall become void.

Naval or army service outside the U. S. in war time will call for an additional premium.

The Travelers will revoke the clause relating to permanent total disability if the insured engages in war service any time within 10 years of the riders' date.

The Mutual Benefit announced today its policy would hereafter contain a clause exacting ten percent additional premium for new policyholders engaged in army or navy service outside the United States.

Men engaged in military work in this country will not be affected. No outstanding policy is affected by the Mutual Benefit's ruling.

BUY WEST INDIES TO DEFEAT GERMAN PLANS

Copenhagen, April 9.—The United States' main purpose in purchasing the Danish West Indies from Denmark was to defeat known German plans to establish a Zeppelin and submarine base there. It was learned on the highest authority here today that months ago when the United States began carefully appraising the possibilities of conflict with Germany, this scheme of the imperial government to seize the islands and establish a base of operations against the United States came to light. It was this that impelled America to open negotiations with Denmark for the transfer of this strategic position to the American flag.

Whether Germany planned to forcibly seize the islands or to purchase them from Denmark was not clear. Denmark, because of its geographic position, is dominated by Germany, for reason of national safety would undoubtedly have acquiesced in whatever course Germany demanded.

PROPOSE DIXIE FOR NATIONAL WAR SONG

Washington, April 10.—"Dixie" for the national war song. Several members of congress are considering introducing a resolution, making "Dixie" a national air with congressional endorsement—to supplement "America"—which they say is English—and "The Star Spangled Banner," which some say is too hard to sing.

"Uncle Joe" Cannon says "Dixie" already is a national anthem. Congressman McCormick, Illinois, thinks there ought to be a country-wide vote on it. Senator Phelan, California, would offer a prize for the best music by which to popularize "The Star Spangled Banner."

WHY AUSTRIA BROKE WITH UNITED STATES

Washington, April 10.—Austria broke relations with the United States because of this country's announcement of a war state with Germany, Charge Grew of the American embassy at Vienna, cabled the state department today.

Grew's message was the first word of the break to come to this government from Vienna. Calling cards at the Courier.

DECO FOR COUGHS AND COLDS. Best Cough Remedy. TUBE IN JAR. JUNE 1916.

INDUSTRIAL PLANTS OF NORTHWEST GUARDED

Portland, April 9.—All important industrial plants in the four north-western states—Oregon, Washington, Idaho and Montana—are under guard. Colonel E. H. Boyton, in command of the recently created Northwestern district, announced in a statement today. Guards, though the statement declared, are under orders to shoot any person near the plants who does not promptly give an account of himself.

Is it a Cold, Cough or Bad Blood?

Dr. Pitts' Health Medical Discovery not only cures the common cough but it is a wonderful alternative for colds and bronchitis. It builds up the weak body.

Get it this very day from any medicine dealer, in either liquid or tablet form, or send 10¢ to Dr. Pierce, Invaluable Remedies, Littlefield, N. Y., for large trial package of tablets.

Common colds and coughs are made public and private enemies. It's a pure alternative extract made with glycerine from active vivifying roots and herbs.

Have you become run-down, weak, emaciated, pale and thin? Spring is the time when the blood is at its lowest ebb—cleanse your system by ridding the body of its accumulated poisons. Refresh the blood with a stimulating tonic. Profit by the experience of others. Build up the system with a reliable remedy, such as Dr. Pierce's Golden Medical Discovery, which has stood the test of time, and for nearly a half of a century has sold more largely than any other blood remedy.

Take This Case for Instance.

Beaver, Oregon, Nov. 1.—I was suffering longer than I can remember with asthma, bronchitis and severe colds. I had a very bad cough, difficulty in breathing, tightness across the chest; could not sleep at night; was always tired. I was running down, from 150 pounds to 110. Every one told me I must die. I started to use the Golden Medical Discovery, and with the best of results. I used three bottles, which cured me. I have no asthma, no cough, no cold, no difficulty in breathing any more. Bronchitis is gone. I thank Dr. Pierce for his kind advice.—Mrs. T. E. THOMAS, TOTAUBA.
