EASTERNERS ARE LOOKING OVER ROGUE RIVER VALLEY
 E. W. Kuehn, of Toledo, Ohio, E. Oatman, of Detroit, Mich., and W. R. Mitchell, of Los Angeles, Calif., are a party who arrived in the city this morning and plan to spend a week or so looking over this section of southern Oregon. They have an interesting story to tell of their experience in coming up the California side of the Siskiyou grade and say that there are several autos stranded along the hill, with an immediate release rather impossible.
 Messrs. Kuehn and Mitchell were among the speakers at the Chamber of Commerce luncheon today.

LOCAL FOOD CAMPAIGN IS PROGRESSING WELL
 Among the speakers at the Chamber of Commerce luncheon this noon was County Agent Thompson who gave a resume of the work in this county on the food preparedness campaign. That work is not completed, he said, but had already shown promising results. SERVICE TO NATION
 Virginia Brooks Washburn, the well known Chicago social worker, says:
 "This picture presents the problem of the girl adrift in a manner so striking and effective as to make it of inestimable value in the campaign for morality.
 "Every father, every mother should see it in order that they may recognize the cunning pitfalls that are set for the feet of young girls in a great city. Only those of us who have been in the thick of the battle against the white slavers can appreciate how great a service to the nation has been rendered by the producers of this picture." "The Little Girl Next Door." 59

BIG RED CROSS CAMPAIGN SET FOR MIDDLE OF JUNE
 The local Red Cross chapter has received a telegram from the director of the Pacific division, reading:
 "Your chapter hereby advised that date of national financial campaign by President Wilson's war council is changed to week of June 18 to 25. Lyman L. Pierce, western secretary of war council is now on his way west to hold conferences with western representatives of war council and suggest plans for chapters west of Mississippi river. Trust you will clear the deck to co-operate with these plans, details of which will be forwarded soon."
 Plans were being made prior to the receipt of this wire, for an intensive campaign to raise badly needed funds for this work. This campaign will probably be deferred so as to make it a co-operative move with the national campaign referred to in the above telegram.

SENATE STRONG FOR DRY LEGISLATION
 Washington, May 24.—An overwhelming desire to make the United States "dry," at least partly, developed in the senate today.
 When the food control legislation came up for a discussion it met a flood of amendments designed to cut off everything in the way of stimulants. Among them were:
 An amendment by Senator Jones, Washington, empowering President Wilson to commandeer all intoxicating liquors in the country to redistill them for use in munitions manufacture.
 A second amendment by Jones prohibiting use of grains and other foodstuffs in manufacture of any intoxicants for use other than in the manufacture of munitions or for mechanical and medicinal purposes.
 There were other amendments by Senators Thompson, Cummins and Wadsworth.
 The senate displayed the mood to grant some form of "war prohibition." "Drys" are absolutely confident that manufacture of distilled spirits, at least, will be stopped.

REGISTRATION HOURS FROM SEVEN TO NINE
