FRENCH WILL TEACH AMERICAN AVIATORS

New York, June 20.—Twelve French aviators, all commissioned officers of the flying corps and the majority wearing one or more decorations for distinguished service, arrived here today to serve as instructors in American flying corps now training for duty in France. All of the men are direct from the front, having received only four days' notice to sail for this country.

FEDERAL RESERVE SYSTEM STRENGTHENED BY BILL

USING A MEDICINE DROPPER.

The More Slanting It Is Held The Bigger the Drops Will Be.

When using a medicine dropper it is important to use it correctly, especially if measuring out drops of some powerful medicine like strychnine, morphine or arsenic, for drops vary widely in their size.

Dr. R. P. Garrow of London recently reported to the Lancet the results of some experiments he had made with a medicine dropper and a simple solution. He measured the solution very carefully and then took it all up into a medicine dropper, from which he turned it, drop by drop, holding the dropper at different angles and counting the drops as they fell.

With the dropper held vertically (at an angle of 90 degrees with the horizontal) its contents made 100 drops. Held at an angle of 50 degrees its contents made eighty-two drops; at 20 degrees they made sixty-eight drops, at 10 degrees they made sixty drops, and held horizontal they made only forty-eight drops.

In other words, the drops become progressively larger as the dropper is moved from the vertical position. A drop from a dropper held at an angle of 50 degrees is one-quarter larger than normal; thus, if the nurse has to give sixteen drops and holds the dropper slanting she is really giving twenty. And the more slanting the dropper the bigger the drops.

Cramps!

Says Mrs. Frank Hagler, of Carbondale, Ill.: "I was suffering terrible cramps and pains each month. I had used... but it didn't give any permanent relief. The pains came back on me just the same as before... After taking Cardui, I was entirely relieved from the pains, and have never been bothered with them since."

A TWICE-TOLD TALE

One of interest to our readers. Good news bears repeating, and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel secure in accepting its truth now. The following experience of a Grants Pass man is confirmed after three years.

A good friend stands by you when in need. Grants Pass people tell how Doan's Kidney Pills have stood the test. Mr. Trefren endorsed Doan's over three years ago and again confirms the story. Could you ask for more convincing testimony?

W. A. Trefren, 731 Highland Ave., Grants Pass, says: "I suffered for a long time from my back and kidneys and never found anything that would give me much relief until I began using Doan's Kidney Pills. They strengthened my back and eased the dull pains that had settled in it across my kidneys." (Statement given March 24, 1913.)

On March 20, 1916, Mr. Trefren said: "I am still a strong booster for Doan's Kidney Pills, for I don't know of anything their equal for lame back and kidney trouble. They always do me a wonderful lot of good whenever I have to take them."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Trefren has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

The graduation of the cadets at West Point weeks before their time has placed 139 more high grade officers at the service of Uncle Sam. Colonel Biddle, commander at West Point, says there are still more who could be released if the country needs them at once.

HOME MANNERS.

The greatest courtesy of which we are capable should be shown in the home. It is easy to be careful of the feelings of those about whom we care little. Should we not do as much for those who are dearest to us? There is no greater cruelty than to count upon our love's "tiding over" the effect of impatience, discourtesy, harsh criticism and all the unloving, stinging darts that most of us reserve for home use.
