Reddy and Harvey Move— Dr. J. F. Reddy and J. R. Harvey have moved their offices to the Public Service building, 208 North Sixth street. The change is made to accommodate Dr. Reddy in his work as one of the receivers of the Rogue River Public Service corporation.

Charged With Killing Stock— Sheriff Lewis went to Waldo this morning to arrest Alfred Hutchinson on a charge of killing stock. His preliminary examination is being held before Justice Hull. Hutchinson was arrested on a similar charge about a year ago, but he was released, there being a lack of evidence.

Beggar Leaves Town— One of the rare specimens of the formerly well-known "Weary Willies" drifted into the Josephine hotel barber shop this morning about 11 o'clock and began to beg. Chief McLane gave him the option of leaving town forthwith or going to jail. A few minutes later he was beating the railroad ties in the general direction of Medford.

Improvements at the Waldo— DeWitt VanOstrand came in from Takilma Saturday night and went to Roseburg for a few days. Mr. VanOstrand states that by the addition of four jigs of larger capacity than those already in operation they have increased the daily capacity of the mine six times with the same force of 30 men. They are expecting to add a night shift soon.

Prof. Greigg at Detroit— O. I. Greigg, formerly of this city, has been appointed as agricultural agent for Wayne county, Mich., with headquarters at Detroit, the county seat. Mr. Greigg is a graduate of the Michigan agricultural college, and later a teacher at the same place. Dr. Eben Mumford, leader of the county agent work in Michigan, says: "We have been searching for months to find a man suitable for Wayne county, and we are satisfied that Prof. Greigg will fill the bill in every particular."

Miss Russell Married— (Announcements received in this city today tell of the marriage at Seattle on Saturday of Miss Hattie Russell and Frances Edward Weissenfluh. Miss Russell, a daughter of Mrs. F. W. Russell Sr., had made her home in this city for the past four years and was a little indefinite in giving out information when she left for the north last week. This announcement clears up the mystery. Mr. Weissenfluh will be remembered by many friends here as the manager of the Rogue Valley Creamery, leaving here about a year ago. Mr. and Mrs. Weissenfluh will be at home after August 1 at Sequim, Wash.

Practically all men passing this examination will be employed. Salaries are \$1,100 and \$1,200 per year. Apply to secretary civil service board, 303 post office, Seattle, Wash.

**CHANGES ARE MADE IN BLUE BOOK MAP**

The Chamber of Commerce recently took up with the publishers of the Automobile Blue Book the matter of correcting the map published in the blue book which did not show an automobile road between this city and the head of Williams creek, leading to the Oregon caves.

The manager of the Chamber of Commerce is today in receipt of a letter from the head draftsman of the Blue Book Publishing company, in which he says: "As draftsman in charge of this particular work, I will see to it personally that the map is gone over and corrected according to the sketch which you have furnished."

"Regarding the blue print which you offer to prepare for us, showing the roads leading out of Grants Pass—we will be very grateful to you if you will favor us with such a map." The Chamber of Commerce will at once arrange for a map showing all the roads leading out of Grants Pass and furnish the Blue Book with a copy of the same.

**RED CROSS LETTERS SHOULD BE SENT TO LOCAL CHAPTER**

One of the results of the immensely rapid increase in membership of the Red Cross is the number of letters received at national headquarters daily from individuals scattered all over the country.

A considerable part of these letters are complaints about the non-receipt of the Red Cross magazine, by members who joined the \$2 or higher classes of Red Cross membership.

The magazine management has announced that magazines are mailed from their office within 48 hours after the receipt of the names from Washington. Change in method of accounting for money and listing members is responsible for a delay on the part of local chapters. Individual members should communicate with their local organizations instead of national headquarters.

- July 26, 2 p. m., Hugo Grange Hall.
- July 27, 2 p. m., Chamber of Commerce, Grants Pass.

An invitation is extended to everyone to see at least one of these demonstrations.

**FOREST FIRE SITUATION IS SOMEWHAT IMPROVED**

The local forest fire situation has improved. While there are a number of small fires raging in the hills, they are brush and not "crown" fires; are not in valuable bodies of timber and most of them have been surrounded or headed off by lines of back firing. None of the fires have gotten beyond control and none are serious as the fire recently reported in the Prospect district.

**SERGEANT FRANK IS HUNTING FOR MOTHER**

"A baby boy is very anxious to hear from his mother. Will you not help us to find her?"

This appeal is contained in each of three or four letters written to local people by the father of "Sergeant Frank," the boy cornet-player who was in this city with his parents last spring. The mother remained here at work while the father and boy started on their way to New York earning their way by concerts. They had reached Butte, Mont., when the poor going forced them to return.

Mrs. Holstein, the mother, stated today that she had answered each letter received from her husband, but that they had not been called for at the address given by him.

**SHELLEY CREEK DISTRICT**  
J. N. Britten received a telegram Saturday announcing the death of his daughter, Mrs. Buchanan, and left immediately for Seattle.  
We note in the "Mining and Scientific Press," of San Francisco, many articles regarding southern Oregon's rich mines.  
Ed. Henderson, who has been employed at the Cold Spring chrome for some time, is spending a few days with Otto Anderson.  
Joe Skeeters, of the Illinois valley, experienced no difficulty in getting the machinery in to the Diamond creek cinnabar mine. The machinery, which is commonly called the "retort," is now being put together by Ehrman, Cole and Taggart, and within a couple of weeks they expect to be extracting the quick silver from the ore. They now have many hundreds of tons of high grade ore on the dump.  
G. W. Gravlin made a trip to his Cold Spring chrome property Monday. Several men are working taking out chrome and will soon begin shipping.  
Mrs. Katherine Hildebrandt spent a few days last week at Monumental. Mrs. Hildebrandt was formerly Miss Katherine Huber.  
Silvia Berrie and wife and Mrs. E. A. McPherson made a trip by auto to the Big Springs country in Shasta valley last week. Mr. Berri is manager of the Swiss American hotel in Crescent City.  
There are many campers in this district. One family from San Bernardino, Cal., have been camped near Otto Anderson's place for over a week.  
E. A. McPherson is building an addition on his hotel at Monumental to accommodate the guests that will make headquarters here when the hunting season opens.  
Mr. and Mrs. H. E. Booth and two sons, of Roseburg, passed through here yesterday on route to Crescent City for an outing. The oldest son will enlist and leave for the navy in two weeks.  
Miss Irene Eddy, of Grants Pass, has been assisting at the Monumental hotel for some time.  
K. J. Kook Khoery is in the Low Divide district managing the development of some chrome property.  
Mrs. Mabel McPherson called on Mrs. Gravlin on Patrick's creek Wednesday.  
The improvement on the Oregon Mountain 4th road is certainly worth mentioning and is mentioned by many tourists who came over it last year.  
**The Turbine.**  
The first steam turbine fitted vessel was constructed by the Hon. C. A. Parsons at his works at Newcastle-on-Tyne. The turbine, a small vessel, a hundred feet in length, made her trial trip Nov. 4, 1894. The system rapidly developed and owing to increased speed of the vessels fitted with turbine engines and the economy effected in coal. Improvements were made in their construction and today the turbine ship is popular (the world over.—Westminster Gazette.  
**Calvary.**  
The word Calvary occurs only in Luke 23:33. Biblical commentators say that the popular expression Mount Calvary is not warranted by any text in the accounts of the passion of the crucifixion of Jesus.
