RADICALS IN RUSSIA GIVE MUCH CONCERN

KERENSKY HAS KEPT UPPER HAND, BUT BOLSHIEVIKI ARE TROUBLE MAKERS

AMERICAN AGITATORS ARE BUSY

Demonstration in Streets Cause Police to Protect American Embassy With Loyal Troops

Petrograd, Oct. 1.—Several thousand members of the Bolshieviks held a mass meeting last night and adopted resolutions protesting against the imprisonment and reported imposition of death sentence upon Alexander Berkman, an anarchist.

Agitators from the United States arraigned the crowd, during which they scoffed at "so-called American liberty" and said that the bourgeoisie ruled America. The bolshieviks applauded only mildly.

A threatened demonstration against the American embassy was not carried out. The government, fearing eventualities in that direction, sent armored automobiles filled with troops to guard the embassy. Ambassador Francis states that he had no fears of harm and that the guard had not been sent at his request.

Premier Kerensky and his supporters at the democratic congress now in session today scored a victory over the bolshievik faction, which for a while threatened to seize the government and plunge Russia into civil war. The minimalist faction of the social democracy and the socialist revolutionists voted in favor of a coalition government.

The demand of the bolshieviks for the exclusion of all bourgeois elements from the government has been rejected. The decision of the congress to exclude the Millukoff faction is expected to take the wind out of the sails of the bolshieviks.

Premier Kerensky definitely threw down the gauge of battle to the bolshieviks, who, encouraged by their capture of the local councils of workmen and soldiers in Petrograd and Moscow, threatened to repeat their counter-revolution of last July.

Heckled by some bolshievik delegates, Kerensky warned them that the nation would not continue longer to tolerate the disrupting tactics of their party and the danger they bring to the defense of the nation.

Vancouver, B. C., Oct. 1.—The province of British Columbia will go dry tomorrow under the provisions of a bill ratified by the electors last year. Every bar, brewery and distillery in the province will close its doors to the sale of liquor tomorrow.

Breweries may ship to points outside the province, if they can find a market. Consumers may import liquor.

The vending of liquor will be carried on by government officials who will have no interest in its sale. They may sell under the following heads:

For mechanical or scientific purposes, ten gallons. To druggists, five gallons. To physicians, two

ARGENTINE ASKS GERMAN BOYCOTT

President Irigoyen Plans Uniting All South American Republics in to Peace-compelling Union

Buenos Aires, Oct. 1.—President Irigoyen is redoubling his efforts to bring about a congress of South American republics to consider the war situation.

President Irigoyen's plan is for the American republics jointly to demand that Germany end the war, or else suffer a solid American boycott. Persons in confidence of the president declare that he wishes to lead South American republics against Germany rather than appear as if he had been pushed into the conflict by the United States. He is preparing a proclamation declaring that the Count von Luxburg incident is closed and disapproving the action of congress favoring a rupture.

It is asserted by persons close to President Irigoyen that he will declare martial law throughout the republic as soon as congress adjourns at midnight Sunday. This is expected to put an end to the country-wide agitation favoring a rupture with Germany, as well as stopping the general strike.

LATE FIGHTING SHOWS BRITISH ARE SUPERIOR

Washington, Oct. 1.—Shaken, but still powerful, is the estimate of Germany's defensive strength on the western front, given by this week's official communication issued by the war department.

It states that the superiority of the British troops over the German was proven conclusively in last week's fighting, which also demonstrates that Germany's fighting stamina is deteriorated.

The communication says nothing about the activities of American forces in Europe.

FIFTH AIRPLANE RAID IS MADE ON ENGLAND

London, Oct. 1.—German aircraft raided England last night for the fifth time within seven days, killing nine and injuring 42.

The British air patrols destroyed two enemy machines and also brought down another. All the British machines returned to their landings safely.

"Hostile air fleet crossed the Kent and Essex coast and made several attacks on London," Lord French, commander-in-chief of the home defense forces, announced.

"Northwestern and southeastern districts were bombed. Various places in Kent and Essex also were bombed."

SECOND LIBERTY LOAN DRIVE STARTS TODAY

Month's Campaign to Raise Three Billion Dollars Started By Secretary McAdoo in Cleveland Speech—Expects Subscriptions Will Reach Five Billions

Washington, Oct. 1.—A big drive for raising the second issue of Liberty Loan bonds began at noon today throughout the nation. It will last four weeks.

The campaign is intended to raise \$3,000,000,000 but treasury officials say that they expect \$5,000,000,000 will be raised.

Secretary McAdoo opened the campaign with a speech in Cleveland, the first of many he will deliver during the month.

San Francisco, Oct. 1.—Shortly after noon today the second great "Liberty Loan" drive began in the Twelfth Federal bank district when 1,000 men and women opened the campaign at a luncheon held in the Palace hotel.

Speakers urged the necessity for an overwhelming response by the people to the government's second call for money with which to finance America's participation in the great war for the dual purpose of convincing her enemies both abroad and at home that the nation will brook no interference with her solemn pledge to put an end forever to militarism, autocracy and ruthlessness.

Among those who stirred the diners to frequent outbursts of patriotic enthusiasm were Archbishop Edward J. Hanna, M. H. DeYoung, publisher of the San Francisco Chron-

FEDERAL RESERVE BANK AT PORTLAND

Portland, Oct. 1.—With over \$1,000,000 in gold in its vaults as reserve funds, the Portland branch of the federal reserve bank opened for business today. More reserve gold is expected to arrive soon from San Francisco.

ALL ALLIED FLAGS FLOAT AT EL PASO

El Paso, Tex., Oct. 1.—Flags of every allied nation fly from the big steel flag pole of the San Jacinto plaza here. Mayor Charles Davis ordered his purchasing agent to obtain the flags of each ally and have them displayed every clear day from the flag pole in the downtown plaza. The flags completely fill the high flagstaff, the American flag being at the top with a Texas flag next and the British flag under the famous lone star banner of the Texas republic.

NOW STATE BELGIUM NOT TO BE VACATED

The Hague, Oct. 1.—Chancellor Michaelis of Germany was quoted in advices from Berlin today as denying the report that Germany had volunteered to evacuate Belgium.

The evacuation of Belgium, said the chancellor, would be to Germany's disadvantage, because the occupation of this territory constitutes a valuable advantage when peace negotiations open.

le; P. H. McCarthy, president of the State Building's Trade council; James J. Lynch, governor of the Federal Reserve bank; C. C. Moore, president of the Panama-Pacific International exposition; John A. Britton, and others.

From now until October 27th, when the campaign closes, a whirlwind advance in force will be made by companies and brigades of volunteer workers to make the second Liberty Loan an impressive success.

George A. Van Smith, a former well-known newspaperman and writer on political affairs, now assistant cashier of the Anglo and London-Paris National bank, has been made publicity manager.

Portland, Oct. 1.—Oregon today set about its task of selling its \$16,500,000 share of the second issue of Liberty Loan bonds. Although the state's allotment is \$6,000,000 more than the sum called for last June, the officials in charge of the four weeks' drive predicted the state would probably oversubscribe again.

State headquarters were opened today in Portland and auxiliary headquarters in Medford and Baker. W. H. Gore, president of the Medford National bank is in charge at Medford and William Pollman, president of the Baker Loan and Trust Company at Baker.

After the discharge of the jury Kelly was taken to the jail at Logan, Iowa, for safekeeping. As he was being taken through the court room, and past the jurors, he remarked that he should have been acquitted "because of his health."

OREGON HAS BUT THIRTY DODGERS

Strenuous Measures Will Be Taken to Round Up Slackers Endeavoring to Evade Army Service

The adjutant general's office at Portland has announced, in connection with a reward of \$50 for the apprehension and return of each draft dodger, commonly called slacker, that there are about 30 of such slackers among the 770 odd Oregon recruits.

The announcement states that if this reward is not productive of results, an individual description and picture of each man wanted will be sent out over the state. The federal government's circular in the matter says:

"If, after such persons are brought to a military authority," say the instructions on this point, "it appears to the military authorities that their delinquency is not wilful, they will be forwarded to a mobilization camp and their local board will be given credit."

"If it appears that the delinquency was wilful, they will be prosecuted before court martial as deserters."

SENATE RECEIVES MANY REQUESTS TO EXPEL SENATOR LA FOLLETTE; ACTION IMPROBABLE

Washington, Oct. 1.—Senator Wadsworth of New York presented in the senate this morning petitions from New York organizations asking for the expulsion from the senate of Senators LaFollette, Grona and Stone. The petitions were referred to the committee on privileges and elections.

There is little likelihood that the charges of disloyalty lodged against senators by the Minnesota public safety commission and other individual citizens today will be pressed. This was strongly indicated following presentation of five petitions for expulsion of LaFollette on the ground that he preached sedition.

All five petitions are in the hands of the committee on privileges and
