GERMAN SPY USED FRENCH IN PLOTTING

SMOOTHER AGENT OF AMBASSADOR BEHNSTORFF GOT MONEY THROUGH PARIS

NOW UNDER ARREST IN FRANCE

New York Attorney General Unearths Clever Scheme Which May Disclose Wide Plot Structure

New York, Oct. 4.—Attorney General Lewis stated this afternoon that his investigations of the Bolo Pasha matter had disclosed that William Randolph Hurst had entertained Bolo at his home and had attended dinners given by Bolo. It was added however that Hurst's relations with Bolo had been purely social so far as had been determined.

New York, Oct. 4.—An investigation into the secret activities in this country of Paul Bolo Pasha, now under arrest at Paris as a spy, has been instituted by Merton E. Lewis, state attorney general. This investigation is expected to go far in revealing the entire structure of German plotting in the United States. Proof is at hand that money was supplied Bolo Pasha by Count Bernstorff, then German ambassador to the United States, to be forwarded from Paris by Ambassador Jusserand.

Many other prominent Germans in the United States are said to be involved in the plot disclosures.

The attorney general, who investigated Bolo Pasha's activities here, at the request of Ambassador Jusserand said that it was a preliminary report submitted by him to the ambassador at Washington last week, which resulted in the arrest of Bolo Pasha in Paris.

"The conclusions will be substantiated by a mass of documentary evidence," the attorney general's statement said, "including photographic reproduction of the checks, bank records and other proofs of the disposition of the German money furnished Bolo Pasha in this country by former Ambassador Bernstorff.

Bolo Pasha, who was in the United States between February 22, and March 17, 1916, came here, according to Mr. Lewis, to arrange for the transfer of German money to Paris through New York banking institutions, to further peace propaganda in France. He succeeded in getting at least \$1,600,000 over to the French capital through J. P. Morgan & Company, and other banking institutions, the attorney general's investigation disclosed. Part of this money went to Senator Charles Humbert, owner of Le Journal, Paris newspaper which, however, he refuted, becoming suspicious of Bolo.

Washington, Oct. 4.—State department officials admitted today that they are in possession of evidence showing that Count Bernstorff, while German ambassador to this country, directed the expenditure of funds paid to Bolo Pasha.

An excellent site can be secured free of charge to the government and the climatic conditions here are considered ideal for an institution of this kind.

Columbus, Ohio, Oct. 4.—The deportation of Senator LaFollette and his supporters through the allies' lines into the German camps, because of treasonable utterances, was urged in resolutions received today by Governor Cox from the executives' club of Toledo.

Wausau, Wis., Oct. 4.—Senator LaFollette's expulsion from the senate for "treasonable and seditious utterances and disloyalty to our government" is asked in an appeal to the United States senate in telegrams sent last night by W. B. Hennemann, chairman of the executive committee of the Wisconsin republican state central committee to the president of the United States and to Senator Pomerene, chairman on privileges and elections.

The telegrams state that all the members of the committee concur except two who have enlisted in the service of their country, their present addresses being unknown.

The plan was submitted in order that every registered man might know whether he was liable for service and if so the order of his liability. The war department asked for expressions of opinion from governors, and only two expressed disapproval.

AUSTRIA IS ANXIOUS FOR EARLY PEACE

FOREIGN MINISTER STATES THAT NATION IS OPEN TO NEGOTIATIONS

DISARMAMENT IS NECESSARY

Unless Present Offer of Settlement Is Accepted, Less Favorable Terms Will Be Laid Down

Amsterdam, Oct. 4.—Dispatches from Buda Pest state, that at a dinner given by the premier in honor of Count Czernin, foreign minister, the later, in speaking of Austria's peace policy said:

"When I was appointed to my post I utilized the first opportunity openly to declare that we did not want to oppress any one, but that on the other hand we would not suffer any oppression, and that we were prepared to enter upon peace negotiations as soon as our enemies accepted the standpoint of peace by agreement."

Count Czernin said a plain statement of war aims was essential.

"With unrestricted armaments the nations would be compelled to increase ten-fold everything and the military estimates of the great powers would amount to billions. That is impossible. It would mean complete ruin. To return to the armament status of 1914 would be a great reduction but there would be no meaning in not going farther, and actually disarming. Hence complete disarmament is the only issue from the difficulty."

"In broad outline, our program for the re-establishment of order in the world has been laid down in our reply to the pope's note. It may appear to be inconceivable to many people that the central powers desire to make renunciation with respect to military armaments. But the war has produced new facts, conditions and conceptions which have shaken the foundation of European politics as they previously have existed.

In conclusion, Count Czernin threatened that unless peace without annexations or indemnities were immediately accepted it would force Austria-Hungary to revise its program and seek compensation for further costs of the war.

STRIKE ON ARGENTINE RAILROADS

ENTIRE TRANSPORTATION SYSTEM OF REPUBLIC IS TIED UP BY STRIKES

SAID PRESIDENT MAY RESIGN

Executive Still Prevents Nation From Declaring War on Germany Against Strong Demand

Buenos Aires, Oct. 4.—The railroad strike has completely tied up all the railroad lines of Argentina, including those owned and operated by the government.

President Irigoyen of Argentina will resign on October 12 on the ground of ill health, according to information secured today from a high source.

The president is reported near a mental collapse as a result of the public clamor aroused by his stand against a break with Germany and of the chaos brought about by the general strike.

It is understood that President Irigoyen's physician urged him to give up his executive position because of the mental and physical strain it entailed and the president finally yielded, deciding to resign on the first anniversary of his election, October 12.

President Irigoyen stood pat today on neutrality in the war, his denial of sentiments attributed to him by the national juvenile committee, and postponement of martial law decrees in the general strike.

The Argentine Rural society, an organization of agricultural, commercial and industrial interests met today to adopt resolutions urging that the government forcibly end the strike.

To offset the recent public demonstrations favoring a rupture of Argentina's relations with Germany the continued neutrality advocates are planning a monster mass meeting Saturday. Its backers assert their purpose is furnishing the government with convincing proof that the predominant sentiment in the nation is for firm neutrality.

MORE RECRUITS ARE SERVED HERE

Two Hundred and Fifty California Soldiers Enroute to American Lake Fed by Red Cross

The first trainload of the second contingent of California recruits to be served with breakfast by the local Red Cross reached Grants Pass at 7 o'clock this morning and were promptly marched to the Chamber of Commerce, Eastern Star and Presbyterian halls, where a bountiful spread had been arranged for them.

Upon learning last night that this contingent was to be considerably smaller than at first reported, a quick change in plans were determined upon and only three of the six halls were called upon to take care of the serving. This effected a saving in both work and supplies.

Another trainload arrives tomorrow morning. So far as present reports go, the number will be considerably in excess of those served this morning. There were 240 on this morning's train and about 400 are expected tomorrow.

FRENCH BIG GUNS ARE BUSY

Air Raid in Macedonia Is Successful, Russian Artillery Exchanging Blow for Blow

Washington, Oct. 4.—Striking again along a wide front, the British today started a new drive against the German lines east of Ypres.

Field Marshal Haig's report announces that progress is being made and that hundreds of prisoners are being brought in. The Germans have made desperate counter-attacks but without success.

Since the middle of last week the German armies in Flanders daily have been trying to wrest from the British the territory taken from them in the recent offensive of Field Marshal Haig.

As on previous days, Crown Prince Rupprecht of Bavaria on Wednesday unleashed large numbers of his troops in an attempt to recapture terrain on the Ypres sector where the British are seriously threatening his communication line with Ostend and the submarine base at Zebrugge. Ever watchful, the gunners of Haig again wrought havoc among the attacking waves and dispersed the Germans with heavy losses and retained all their positions intact.

The French fighting front is calm except for heavy artillery duels near Verdun. The French air forces bombed Frankfurt-on-the-Main and Rastatt in a new campaign of reprisals.

London announces a successful raid by British airplanes along the Macedonian front. One enemy's airplane was brought down.

Petrograd announces violent artillery duels are in progress near Jacobstadt.
