New Series "Four-Ninety" Touring

From a mechanical standpoint, this model has reached a standard of excellence that is not surpassed in any motor car. Vanadium steel is used for every part that requires unusual strength. It has ample power—proper spring suspension—correct weight—smart in appearance—well finished. It has unusual records in gasoline economy. New Features: The motor is of an improved design. The cooling is by water pump. The oil pump has been changed to the gear type. The pump is placed in the forward end of the cylinder casting. Tire carrier is provided and is fastened at the rear of the body. Added Refinements: Wheels are fitted with demountable rims; one extra rim is furnished. Other features of the New "Four-Ninety" are: New Oil Pressure Gauge; New Improved Radiator; foot rail; robe rail; tilted windshield; one-man top; improved type curbside, folding up into top; flaps on top of each door for protection of body and the finish; pockets on the inside of each door. You should investigate Model "Four-Ninety" economy records. CHURCHILL & MAXWELL, Agents

DIED LEONARD—At the family home near Holland, Friday, October 19, Mrs. Mary Ellen Leonard, aged about 72 years. Mrs. Leonard was a pioneer of Josephine county, having settled in the Holland section in the early days, and teaching school at Althouse as early as 1865. She was a woman of education and well versed in law. She is survived by four sons, Lawrence, Leo, Frank and Raphael, the latter son living on the home place with his mother, and a daughter, Mrs. Milton Lewis of Taktima. The funeral will be held this afternoon at the home on Sucker creek, with interment in the Kerby I. O. O. F. cemetery, beside the remains of her husband. Job work at the Courier.
