

# With Falling Leaves Come Fall's Favorite Fashions in Wonder Clothes

They're here sir, jaunty new suit creations that are as dashing in style as a cavalry officer.

New things, fresh from the tailor shops, all ready to put on and wear—models that fit—yes sir, FIT—from the shapely snugness of the collar to the graceful hang of the trousers. Colors and patterns, a whole regiment of them.

Come in and look around to your heart's content. It's a pleasure to show goods.

## ONE \$5 BILL WORTH \$290 PAY-UP CAMPAIGN

Winfield, Iowa, carried on an experiment during the first National Pay-Up week, and demonstrated to the great surprise of the committee, which had it in charge, what one five dollar bill will do when it is kept moving paying up debts. This five dollar bill was marked with a slip of paper stating, "This is a Pay-Up week five dollar bill. This five dollar bill is to be used only for payment of accounts. Accept it and go at once and pay some one else. Sign your name so we can see how many dollars in accounts it will pay in one week." At the end of the week the bill was found, the names counted and to the surprise of the committee, 58 names had been signed, showing that the total debts paid were \$290. This shows what money will do when it is kept in circulation and also demonstrates the importance of National Pay-Up week as a time when accounts are squared and slates wiped clean for a new start.

## LESSONS IN FOOD CONSERVATION FREE

The government has prepared a series of lessons in food conservation in order that assistance may be given housekeepers in preparing and using food materials, food values, proper combinations of foods, and correct substitutions will be discussed and explained. Many nourishing and inexpensive foods will be demonstrated and the recipes given.

One class a week will be held in the Chamber of Commerce rooms under the supervision of Mrs. C. D. Thompson. No admission or fees will be charged at any time. It is hoped that many women will take advantage of this opportunity to study foods. These classes are being organized throughout the state and are being found both interesting and helpful.

The first class will be held Friday, November 2, at 2:30 p. m.

Murphy, Saturday, November 10—

An all night dance with Heinies orchestra and midnight lunch at the regular fee. 99

Has Fractured Arm—

T. E. Edgell sustained a fracture of his right arm at the sugar factory last Sunday. Dr. J. O. Nibley, the company's surgeon, set the injured member, which is mending as rapidly as possible.

Halloween Party—

The gentlemen members of the Eastern Star will entertain the lady members tomorrow evening at a Halloween party. All members and visiting members are urged to come and bring their husbands. Wear a Halloween costume if possible, but come anyway. Don't forget about the B. A. P. L. A. P. and N. A. P.

Tobacco Goes Up—

Tomorrow the new federal tax on tobaccos goes into effect. It is understood that local tobacco merchants have decided that it will be necessary to advance the prices on smoking and chewing tobacco—the package formerly costing 10 cents will cost 15 cents or two for 25 cents. The package formerly costing 5 cents will be advanced to 10 cents or two for 15 cents.

Colored Conscripts—

A train load of colored drafted men formed the first section of No. 14 this morning on their way to American Lake. Their stop at the station was much the same as other drafted men, accompanied by the waving of flags and hurrahs. Chalked on the side of one coach was: "We're from Imperial and full of grit; we'll get the Kaiser before we quit."

A Profitable Crop—

Bert Clute, of the Applegate section, is hauling 100 bales of hops to this city by auto truck. This lot of 20,000 pounds represents his contract hops which are bringing him 30 cents per pound, \$60 per bale. Mr. Clute's entire crop of hops from 23 acres amounted to 34,000 pounds, the largest yield he has ever had, due, he says, to irrigation and cultivation. Mr. Clute is one of the most up-to-date farmers in the valley, and is one who never has occasion to talk "hard times."

Not Josephine Institute—

The teachers institute being held at Ashland this week is the Jackson county institute, but is being attended by many of the teachers of the Grants Pass city schools. Heretofore Jackson and Josephine counties held joint institutes, but this year, by a vote of the teachers of the county of 6 to 1, it was decided to hold a summer school in this city instead of joining with Jackson county in an institute. This move also had the approval of the state superintendent of schools, as well as complying with the law in every detail.

## TIMBER TRACTS MAY BE BOUGHT AT ONCE

The commissioner of the general land office has received instructions from Secretary of the Interior Lane, stating the methods to be pursued in the sale of timber lands from the O. & C. grant.

While these instructions cover only isolated tracts of timber lands the immediate sale of which may be determined as advisable because, for instance, of their lying close to private holdings not being cut out, they indicate the course that will probably be followed in disposing of all the timber lands in the grant.

Any person desiring to purchase the timber on isolated tracts of the grant should make application to the commissioner of the general land office, furnishing all data in reference to the tract showing that the tract is isolated and that logging is being conducted in its vicinity. The application should also state the price the applicant is willing to pay for the timber. A copy of the application should be mailed to Special Agent Rands at the Customs House, Portland.

# CLEANER GARMENTS

On June 13, 1917, we installed a gasoline clarifier; this machine travels 20,000 revolutions per minute, its tremendous speed cleanses and purifies the gasoline as it passes through.

In four and one half months we have taken 67 pounds of dirt from the garments we have cleaned. See it on display in our window.

We have five or six thousand clothes hangers at different places in the city. We will pay five cents each for them.
