CORN SHOW CONTAINS MANY FINE EXHIBITS

The Josephine County Corn Show, given by the Josephine County Bank, the Grants Pass Banking Co., the California and Oregon Coast Ry., and C. A. Winetroot, opened today in the store rooms of the Winetroot Implement company.

There are 70 entries from all over the county from both irrigated and dry land, the size and quality of the exhibits being such as to make an Iowa farmer open his eyes in astonishment, and wonder how they did it. There is corn of every description, white, black and yellow, together with a splendid display of pop corn.

A visit to the show will convince the most skeptical that this country is a corn producer. The show will be open all day tomorrow and it will pay you to see Josephine county's splendid display.

SCOUTS ENJOY CROSS COUNTRY SKIRMISHES

The Boy Scouts, after a two hour skirmish drill on the river last night, under Sergeant Bauer, were loath to quit at 9:30 and unanimously voted for another next Sunday afternoon. The drill Sunday will be on this side of the river. The instructor has drawn a plat of the country to be covered, showing fences, fields, woods, buildings, etc. A section of the troop is to be considered an enemy with designs upon Grants Pass, located within certain limits of territory up the river. The remainder of the troop is the defending force, and is to be deployed under their sergeants for the purpose of capturing the attacking enemy. After the skirmish, their instructor points out the mistakes in tactics and where one or the other of the commands made the mistake which allowed either the enemy to be captured, or the city to be taken.
