DEEDS, NOT WORDS

Grants Pass People Have Absolute Proof of Deeds at Home. It's not words but deeds that prove true merit.

The deeds of Doan's Kidney Pills, For Grants Pass kidney sufferers, Have made their local reputation. Proof lies in the testimony of Grants Pass people.

Mrs. A. M. Evensen, 626 S. Fourth St., Grants Pass, says: "I was nearly laid up with sciatic rheumatism in my hip and down through one of my limbs. At times the pain was almost unbearable. Often the muscles and cords in my limbs seemed to contract, causing intense pain. During this trouble my kidneys were more or less affected, which prompted me to take Doan's Kidney Pills. The first box regulated the action of my kidneys and I took about three boxes in all when the rheumatic pains in my hips and limbs left me entirely."

CALL FOR BIDS

Sealed proposals will be received by the board of directors of the Grants Pass Irrigation District at their office in the court house of Josephine county in Grants Pass, Oregon, for the purchase of \$15,000.00 par value of bonds of the district till 10 a. m., December 24, 1917.

For detailed information regarding this issue, address, Clerk of Board, Grants Pass Irrigation District, Grants Pass, Oregon. 131f

none dares drink from the old wells which they had depended on all their lives unless they bear a sign reading "Good water,"—to show that they have been purified.

To these safe wells people come from far and near with their jugs and pails. To make their already difficult life a little easier and to make it possible for more of them to come back to their devastated fields,—all they have,—as soon as pumps can be bought, ten will be sent to fill the need for them in this district. It is a real, though slight, contribution to the giant task of reconstruction.

GOOD LAND CLEANERS

Goats Quite Efficient in Clearing Up Brush Patch.

Many Farms Have Spots Where Animals Could Be Accommodated and Prove Money-Making Proposition to Owner.

"A herd of goats will do more good in clearing up a brush patch than half a dozen able-bodied men," remarked a livestock feeder recently when at a market in quest of a load of goats to ship to his farm.

At his farm in Wisconsin, a few years ago there were large patches of weeds and other foreign growth that he had tried in vain to clear. Many days of hard work were spent without success. Finally he conceived the idea that a flock of goats could do the work and do it better than human hands and at the same time consume what they cleared and return a profit to the owner.

This is an example that could be practiced more generally. Many farms have brush patches that could accommodate a flock of goats and prove a money-making proposition to the owner. The goat is an animal that can thrive on feeds that other animals could not. It has been remarked that goats could live on tin cans, but some of the brush that they consume and turn into profit is about as bad. Burning the brush is a dead loss to the farm owner, but when he turns a flock into that patch it does not take long to cut down the weeds and instead of being a loss it is a profit to the owner.

Here is a system practiced on many farms as a side line that farmers say is the cheapest labor on the farm. Instead of being an expense it is an investment, as the animals can be taken from the patch and, without any additional feed, shipped to market and sold at a profit. The market for goats has been such that they nearly always are worth what they cost in the start and the added weight is what makes the money. Instead of paying for

farm hands to rid your farm of weeds and foreign growth, use a flock of goats and use the men in some other line where they can do more good.

COMING EVENTS

Dec. 8, Saturday—Red Cross rummage sale.

Dec. 11-Jan. 5.—Farmers' and home makers' week at O. A. C.

Temple of Diana. The famous temple of Diana was built at Ephesus in 552 B. C. by the common fund of all the Greek states of Asia. Pliny says that 220 years were spent in erecting it. It was set on fire in 356 B. C. and again rebuilt and was finally destroyed by the Goths about 250 A. D. The ruins of the famous temple, after serving as a quarry for the surrounding region for a long time, were finally discovered by Mr. Wood in 1889. The temple of Diana was 425 feet long, 225 feet wide and was supported by 127 columns sixty feet high, each weighing 150 tons. The marble of the columns was of the pure Parian variety.

PUMPS ARE NEEDED IN WRECKED FRANCE

Washington, Dec. 4.—The following cablegram has just been received from the Paris headquarters of the American Red Cross:

"Send us pumps," is an appeal today from a Red Cross delegate in the devastated area. The retreating Germans left little untouched there last spring. Spokes were cut from wheels of farm carts, orchards were felled, farmhouses wrecked. In many cases pumps were destroyed, wells filled with rubbish and polluted.

"Of the few men and women who have managed to filter back to live in the one good corner of their wrecked buildings to clear the fields of barbed wire and try to till them,
