

# MAXWELL

Most Miles per Gallon—Most Miles on tires

## Ordinary Common Sense— Sensible Thrift—and Maxwell Motor Cars

Common sense says to you, "Buy a Maxwell Car and use it."

The American people are going forward—not backward.

That is the purpose of the great war in which we are now engaged.

The success of the Nation depends on healthy business activity over the country—and sensible thrift.

Healthy business depends on the utilization of every possible labor-saving, time-saving, money-saving device known.

The light-weight, economical Maxwell—in passenger service—taking you where you have to go on business, helping you relieve delivery congestion—is one of the greatest known labor-saving, time-saving, money-saving devices.

Touring Car \$745; Roadster \$745; Coupe \$1095  
Berline \$1095; Sedan \$1095. F.O.B. Detroit

### COLLINS AUTO CO. DISTRIBUTOR

Mrs. Sarah Stringer is visiting with her son, Wesley, and family.

### WHERE CYCLONES ORIGINATE.

The most violent cyclones originate in tropical latitudes, in the Atlantic ocean to the north and east of West Indian islands, and in the Pacific, in the China sea and in the neighborhood of the Philippine islands.

The reason they are so destructive is because they are carried such great distances by extraneous influences. The West Indian cyclones are attracted toward the Gulf stream by the great volume of heated air which always hangs over it and follows its course; so the cyclones of the Pacific follow the course of Kuro Siwo, the great oceanic current which passes around the East Indian archipelago, the shores of China and the Japanese islands.

Cyclones may be anywhere from 50 to 500 miles in diameter and may travel over a path 5,000 miles in extent.

### More Fame for Stuttgart.

Stuttgart, which French aviators bombed recently, is the original home of the aircraft engine. It was in Stuttgart that Daimler evolved the internal combustion engine which a Frenchman, with an eye to utility, quickly turned to account in the first practical motor car, says the Christian Science Monitor. Here, too, Count Zeppelin evolved his monster airships, making use of the knowledge which trials and experiments in the big Daimler works had served to bring to light. Facts such as these seem more pertinent at these times than the other reasons for Stuttgart's fame. She has, as everyone knows, a famous music academy, and her reputation for music is certainly far older than that which she has acquired by her machinery; also, it is unspiced by anything of the nature which has made the very word Zeppelin a byword in civilized countries.

Cards at the Courier office.

### ILLINOIS VALLEY

William Hazelrigg recently suffered the dislocation of a knee joint while coming from his work at the Queen of Bronze and is at present unable to walk.

The new school house at Takilma was dedicated on Saturday night, an entertainment being given, which was a pronounced success by all who attended.

Mrs. Mitchell, of Takilma, is

spending a few days in Medford with her sister, Mrs. Boyd.

Wallace Kohler was a business visitor in Grants Pass this week.

Mr. Babcock has been running his grist mill this week. This is a convenience to the community, as considerable corn was raised in the valley and we can have our own corn meal and graham flour.

The trucks are still hauling ore, the roads being unusually good for this time of the year.

The land appraiser from Spokane was in the valley last week looking over the land on which loans are asked.

Mr. and Mrs. Jacob Houck visited at the home of Mr. and Mrs. Reynolds near Waldo Sunday.

Mr. George delivered some fine fat hogs at Takilma this week.
