**KNIGHTS OF COLUMBUS  
SOLICITORS ARE BUSY**

The committee in charge of soliciting funds for the Knights of Columbus, report that their unit is meeting with gratifying success. Through an error the impression has prevailed among a few that there will be no soliciting in Grants Pass, but the committee is hard at work. It will be impossible for the members to call on everybody and they will appreciate it if intending contributors will call D. B. Reynolds.

The work of the Knights of Columbus is very similar to that of the Y. M. C. A. everybody being welcome in their huts.

**Kaiser's Picture Confiscated—**

The fact was reported to Sheriff Lewis that a German family in the New Hope district was displaying a picture of the kaiser. Yesterday he visited the premises and found a small picture of the emperor tacked on the floor facing. It was the work of one of the younger members of the family, who had drawn it and tacked it up, proud of his work, which, by the way, is a creditable piece of work from an artistic point of view. However, under conditions now existing it is not countenanced by the community and the family was so informed by the sheriff who thinks there will be no more such trouble in the same place.
