GRANTS PASS MEN ARE KNITTING FOR SOLDIERS

Not only are the Grants Pass women interested in knitting for the Red Cross but a number of the men are doing "their best" also, and they have produced work which is in the same class as the best of the knitting turned in.

Alan Wise of New Hope, now a farmer, and his wife, spend their evenings knitting. Mr. Wise has already turned in two sweaters which are well done. The last sweater was started and completed entirely by Mr. Wise without help.

Philip Helmer last week turned in a completed sweater which was in the class of the high-grade goods.

H. C. Lawton, rural mail carrier, is devoting his spare time to knitting socks, with good success.

T. M. Renshaw has already turned in two pairs of socks which are well done, and he is still at it.

A salt-producing lake near Salinas Station, on the Tampico division of the Mexican Central railway, 72 miles west of San Luis Potosi. GOVERNOR PROCLAIMS FATHER AND SON WEEK

Salem, Jan. 17.—Governor Withcombe issued today a message urging the people of Oregon to observe Father and Son week, between February 11 and 17, the dates set aside for a national movement of this nature, by the interstate committee of the Young Men's Christian association.

Oregon's governor, who himself has a son in active military service, points out that the 20,000 young Oregon soldiers who have already gone forward are entitled to constant thought and prayer and that their younger brothers at home "deserve the fullest possible measure of parental encouragement and counsel."

The governor's message, which, it is understood, will be followed by messages from the mayors of the various cities and towns in Oregon, follows:

"Mindful that there is now greater occasion than ever before to cement the bond of fellowship between fathers and sons, the Y. M. C. A. officials have set aside the period of February 11 to 17 to be observed as Father and Son week and I am indeed glad to commend the idea to the hearty support of the patriotic people of Oregon.

"Oregon has thus far furnished 20,000 of the flower of its young manhood to the service of our country in the world's great cataclysm. Just as these noble boys who have already shouldered solemn responsibilities for this nation and for the world are entitled to our constant thought and prayer, so their younger brothers at home deserve the fullest possible measure of parental encouragement and counsel. It is through the hearts of our young people that the fervent spirit of loyalty to our country and devotion to our flag is to be communicated to posterity.

"Never in all history have the young men been called upon for such important work and never have indications been surer that the young men of today are to be accorded tremendous opportunities as they grow into manhood. Therefore I urge the adult men of Oregon to call their boys and the boys from other homes to their firesides and there impress upon them an appreciation of their responsibilities, and tell them in a friendly way how deeply we are interested in them and how much we are depending upon their mental, moral and physical fiber. Fathers of Oregon, ask your boys to study the life of the immortal Abraham Lincoln, whose birthday is to be observed on the second day of Father and Son week, and try to inspire them to pattern their lives after his example."

Camps for Homeless.
Washington.—Among the largest of war relief work being carried on at the present time are camps for homeless thousands of persons in and around Saloniki, which were started by Dr. Edward W. Ryan, head of the American Red Cross in that region. There are 70,000 sufferers camping out in the tents which have been set up.

Cramps!

Says Mrs. Frank Hagler, of Carbondale, Ill.: "I was suffering terrible cramps and pains each month. I had used ... but it didn't give any permanent relief. The pains came back on me just the same as before ... After taking Cardui, I was entirely relieved from the pains, and have never been bothered with them since."
