C. L. HOBART CO.

**Large Consular District.**  
The Antung consular district comprises the southeastern section of Manchuria and is about twice as large as Vermont. It is mountainous throughout; its sparse population is almost entirely rural; and, except a 60-mile section of the South Manchuria railway that traverses it in the south, and the Yalu river, its eastern boundary, the only means of communication with interior points is by crude native carts and pack animals.

**Endurance Through Faith.**  
Human beings have endured uncountable miseries and grown strong even as they suffered. And they have not only endured all things but hoped all things. No sadness when it came has been able to daunt the spirit which, looking beyond the present grief, has detected behind whatever barrier of blackest cloud the clear shining of the sun or the benison of the stars of night.—Richard Burton in the Bellman.

**APPLGATE**

John Herriott had the misfortune to break his arm while cranking a Ford Sunday.

The Applegate school organized a Junior Red Cross with the following officers: Gertrude Mee, president; Thelma McDaniels, vice president; Margaret Brown, secretary and treasurer; Edith Kubli, director of work. Work began February 15, with a big crowd of enthusiastic workers.

The masquerade at the Socialist hall was well attended and over 70 numbers were sold. The following were prize winners. Mrs. Chester Kubli, dressed in the stars and stripes; Floyd Barrow, representing an Indian; Thelma McDaniels and Beatrice O'Brien, dressed in a boy and girl comic costume.

Miss Ethel Topping, of Medford, visited relatives here Saturday and attended the masquerade.

E. J. Brown traded his Overland car for a Dodge last week.

The Applegate ladies have organized a Red Cross chapter with the following officers elected: Mrs. E. J. Brown, president; Mrs. T. W. Herriott, secretary and treasurer; Mrs. Fred Benedict, director of work. They have a membership of 38, with several more to come in. They will give a dance in the Socialist hall Saturday March 2, to raise funds to buy materials.

Miss Edith Kubli, who has been attending the Medford high school, has returned home and is attending the Applegate high school.

T. H. Mansfield and Herriott Bros. are enlarging the Offenbacher-Baldwin ditch on the south side of Applegate river and will pipe it across the river. They have a crew of ten men at work and the work is progressing rapidly.

Miss Besse Bunch, of Grants Pass, has entered the eighth grade here.

Fred Vincent, who enlisted in the army and is located in Texas, is seriously ill with pneumonia. His many friends here hope for his recovery.

Letterheads that will please you, at the Courier.  
Cards at the Courier office.

**KNITTERS URGED  
TO HASTEN WORK**

A Red Cross shipment of knitted goods will be made at the end of the next week, and knitters are asked to send in all finished articles possible, not later than Thursday or Friday, February 28 or March 1.

There is still yarn out that was taken weeks, and in a few cases, months ago. Doubtless there have been very good reasons for the delay in returning it in warm garments for the protection of our boys against the unusually cold of strange training camps at home or overseas, but winter will soon be over, and if the woolen things are to be of service this year they must go within a month.

If for any reason a knitter has found it impossible to use her yarn, if she will kindly return it to the Red Cross rooms it can be given out to a rapid knitter and still fulfill its mission before warm days come. At the end of the third week in March another and unless more yarn is available probably the last shipment of knitting will be made.

**Travels of Light Rays.**

It takes eight minutes for a ray of light to travel 98,000,000 miles from the sun to the earth. But the time required for a light ray from the star nearest to the solar system (Alpha Centauri) to reach us is four and a half years. A vast majority of the stars (every one of which is a glowing sun) are so far off that it takes thousands of years for light from them to get here.

**Gardens in Japan and China.**  
The garden, per se, in both Japan and China is most frequently to be found in the grounds of some public building or temple. The Chinese garden is as reversed to our eyes as their writing, for it consists chiefly of water. On a pool or pond they develop their wonderful aquatic plants, the lotus, lilies of myriad color and variety and brilliant foliage specimens. In addition to this the walks are sometimes bordered with flowering plants in pots or jardinières, which are changed and shifted from time to time. Of these the favorites are such flowers as the peony and others which are believed to possess medicinal properties. But the essential of the Chinese gardener is to display his aquatic floriculture.

**Saved From Many Worries.**  
Our mental powers are often dissipated by seeing and hearing too much. Whoever met a deaf and dumb person whose face was not bright and smiling—much that burdens and wears our minds never reaches them—Exchange.

**JUDGE THE ROYAL AS YOU DO AN  
EMPLOYEE—"Compare the Work"**

You buy a typewriter for the same reason you employ an individual—you are buying work.  
Compare the work. Before you decide that you are satisfied with any typewriter service know the ROYAL.  
Your stenographer can do better work and more work with less effort on the ROYAL and without any extra attachment, the ROYAL writes letters, types cards, and bill—and—charges.  
"Lost Alignment" is what kills the ordinary typewriter. The ROYAL will hold its alignment for years, and then, if necessary, the simple bearings may be renewed instantly. That is one of the reasons why the ROYAL ends the two evils of excessive repairs and "trading-out."  
Get the facts. Write or telephone any ROYAL branch or agency for a demonstration.  
**WRITE FOR "FACTS ABOUT THE TRADE-OUT."**  
Every typewriter owner or user will be interested in this booklet. We will mail it at once if you will write for it.
