FOOD ADMINISTRATION CONVENTION IN G. P.

The state food administrator has instructed that home cards be placed in every home in the county. Cards have been sent out to the teachers of all the schools, in the rural districts and other towns of the county, to be distributed.

If there is any one in the city who has not received a home instruction card, phone the chairman of your ward.

Mrs. P. H. Herman, 1st ward.
 Mrs. Mary A. Browne, 2nd ward.
 Mrs. M. L. Davis, 3rd ward.
 Mrs. J. R. Gunning, 4th ward.

In sending out these cards the state food administrator says, "The situation is much more grave even than it appeared in September. It looks as though multitudes of people would starve to death this winter in spite of all we can do." That the situation may be brought direct to the citizens of this county the state food administration and the extension service of the Oregon Agricultural college will hold a convention in Grants Pass next Tuesday, March 5. Delegates from all over the county have been appointed to attend this convention.

Daily Thought.
 We have spoken of physical courage, or the courage of nerves, of moral courage, or the courage of principles. Besides these there is intellectual courage, or the courage of opinions.—Phillips Brooks.

Hookworm.
 The full-grown hookworm is about one-third to one-half an inch in length. It is about the thickness of a small hairpin or a No. 30 thread. It looks to the unaided eye very much like a miniature earth worm.

FRIDAY, MARCH 1, 1918.

able medal. For every \$100 worth of stamps sold in addition to the first \$250 worth a "palm" decoration will be added to the "Ace" medal, and at the end of the year's campaign, the Boy Scout in each state with the largest total of sales to his credit will receive a letter of thanks from the president of the United States.

"There is no waste of food among the allies. If you will read the English food reports you will find that a woman was fined \$100 and jailed for 30 days for throwing away half a rice pudding, and that a baker who threw away two pies was sent to prison for six months."—United States Food Administration.

HIGH SCHOOL GIRLS WILL EXHIBIT WORK

By D. W. H.

An exhibit of unusual interest will be the work of the girls of the high school displayed in the window of Helmer's furniture store on Saturday and Sunday.

The work of these students as members of the Junior Red Cross is under the supervision of Mrs. Geo. C. Sabin of the chapter school committee and Miss Edna Cornell, teacher of domestic science. These ladies have been working untiringly and the exhibit is the result of what has been accomplished since the holidays. The display will consist principally of Belgian baby layettes, and clothes for older children. Many of the garments have been made from donated materials, and show that the girls have put a great deal of time and thought in utilizing them to the best advantage.

The past week the Honor Guard of this city donated \$10 to be used for material for Junior Red Cross work in the high school. The example set by the Honor Guard is a good one and it is expected will be followed by others to help along this most worthy cause, the work of the Junior Red Cross.

LODGE NOTICES

I. O. O. F.
 The funeral of Brother Fred R. Vincent will be held at the Missouri Flat cemetery on Applegate at 2:30 o'clock p. m. Sunday, March 3, 1918, and all members of the I. O. O. F. order who can attend will please give their names to some one of the committee. Dr. Bert R. Elliott, J. H. Denison or Will Ireland. Sermon will be preached by Rev. L. Myron Boozer.

ANSWER, YES OR NO

Down at Grants Pass, the local council of defense employed a short and exceedingly direct questionnaire to a counterfeit preacher who was trying to use the cloak of Christian religion to hide seditious speech. Before they would consent to permitting him to make a scheduled address, they demanded a yes or no answer, without debate, to the following questions:

Are you a member of the Red Cross?
 Are you a subscriber to the Liberty loan?
 Have you purchased thrift stamps or savings certificates?
 Are you whole-heartedly and unreservedly backing the government's war program?
 He answered "no" to all four questions, and that summarily ended his public activities at the county seat of Josephine county, Oregon.

Answers to these four questions are a perfectly fair test of the right of any person to live in the United States and enjoy the protection of the Stars and Stripes. No man or woman who can not answer at least one of the questions in the affirmative is fit to live in America as long as the war lasts. Extreme poverty is a valid excuse for answering "no" to the first three questions, but no one is so poor as not to be able to give the government moral support.

This test is a most searching test. Even those who are able to answer the first three questions affirmatively are lacking in Americanism if they can not say that they are whole-heartedly and unreservedly backing the government's war program.—Evening Telegram.

BOY SCOUTS

Every Boy Scout in the country has enlisted for service for the duration of the thrift stamp and war savings stamp campaign. Five million red postcards are being distributed to assist the boys in the sale of stamps. They will make personal solicitation to have the cards signed by their friends. They will not be called upon to collect money. The postcards after they have been signed, will be mailed, no stamps being required, and the thrift stamps or war savings stamps called for in the order will be delivered by the mail carrier.

Every Boy Scout selling \$250 worth of cards will be made an "Ace" and will be awarded a suit-

COUNTY AGENT'S NOTES

Team Work for the Dairyman

The big strides ahead along dairy lines both in production and manufacturing have come as a result of cooperation or team work on the part of the dairymen combined with the application of accurate knowledge. Better stock has been secured, poor cows weeded out, yields increased, better products made, creameries and cheese factories started, more money secured for products through dairy farmers getting together and acting as a unit in carrying out constructive plans. The interests of one dairyman in a community is, in the essentials, the interest of all and in unity there is strength. The dairy industry in any community where dairying has a place can be developed and made more profitable through team work.

J. D. Mickle, state dairy and food commissioner, has given much study to these questions and he has a message for every dairyman. He is a loyal friend of the dairyman and a magnetic speaker.

County Agent Thompson has secured Mr. Mickle and Prof. Pitts, of O. A. C. for a special dairy meeting to be held in the court house, March 7. The meeting opens at 10:30. Talks along the line of feeding and handling of dairy cattle as well as marketing of dairy products will be given.

Additional meetings along similar lines will be held each month until June. Secure a program from Mr. Thompson at Grants Pass.

STOMACH TORN UP

Indiana Lady Describes Condition Which She Says Was Due To Constipation and Tells of Relief Obtained From Black-Draught.

Scottsburg, Ind.—Mrs. Annie Johnson, of this place, writes: "I well remember I suffered for a long time with constipation, which would get me down. I took doctors' medicines and any number of purgatives. They would leave me in a worse condition than I was before taking, and my stomach so upset... I know once I suffered... from constipation, I was so ill we had to have the doctor, just so nervous and feverish. The doctor said I would have to quit medicines, my stomach was so bad..."

My husband was reading and found something about Theodor's Black-Draught and brought me a package to try. I used it regularly at first until I began to feel better, then I used just a dose occasionally. I was cured of this constipation and am sure the Black-Draught did it."

If your stomach is out of order, you will suffer from such disagreeable symptoms as headache, biliousness, indigestion, etc., and unless something is done, serious trouble may result.

Theodor's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, helping to regulate the liver and to cleanse the bowels of impurities.

Try Black-Draught. EB-15

Save to Buy

When the Third Liberty Loan

if offered, will you be ready?

AMERICA has entered Democracy's war against Prussianism. Your dollars are needed to insure victorious peace.

Your Government wants your help. The young men have bravely shouldered their muskets and followed grim duty across the sea. They are ready to offer their lives.

CAN'T YOU AT LEAST SAVE THAT YOU MAY BUY LIBERTY BONDS?

To economize in dress, to eat simpler food, to eliminate waste, to spend less for luxury—can't you do these things?

Your savings bank will gladly tell you how you can help your Government, how you can save so that you can respond when the call is made for the Third Liberty Loan.

You will find how easy it is to save and to buy on terms.
