THE BIG RED FRONT

A Billion Dollar Insurance Fund

The Federal Reserve Banking System may be likened to a vast billion dollar mutual insurance fund which we and 7,600 other banks maintain at all times to give us the currency our depositors need to stand back of us in time of financial stress and to enable us to give better and safer banking service in many ways.

Every one of our depositors, large or small, without any additional cost, participates in the protection and benefits of this great system.

If you would like to have this nation-wide fund back of you, let us write or talk with you about it.
