AERIAL OPERATIONS ON WESTERN FRONT

London, Mar. 13.—An official statement on aerial operations says:

"There has been poor visibility, but over 500 bombs have been dropped on sidings and ammunition depots at Aulnoye, southeast of Maubeuge, and other depots south of Valenciennes, southeast of Cambrai and south of Douai.

"In the air fighting ten enemy machines were brought down and seven others were disabled; a German observation balloon also was brought down in flames. Two British machines are missing. In night bombing 200 bombs were dropped on sidings and a munitions dump northeast of St Quentin. The enemy also dropped a few bombs during the night, but lost a four-seater machine which landed in our line, the occupants being taken prisoner.

"On Monday we made the third daylight raid on Germany in four days. On this occasion factories, stations and barracks at Coblenz were attacked and over a ton of bombs were dropped. Bursts were seen on all the objectives, causing two fires, and a hit on a building in the southwest corner of the town created a very large explosion. Few enemy machines were encountered. All our machines returned safe."

RAILROAD BILL HAS BEEN RE-COMMITTED

Washington, Mar. 13.—On a point of order that confers on the railroad bill has violated the new senate rule prohibiting insertion of new provisions, the senate today returned the bill to conference for elimination of the section limiting the power of states to increase taxes. Vice-President Marshall maintained the order.

THAT MORNING LAMENESS

If you are lame every morning, and suffer bladder ills, there must be a cause. Often it's weak kidneys. To strengthen the weakened kidneys and avert more serious troubles, use Doan's Kidney Pills. You can rely on this Grants Pass woman's testimony.

Mrs. Amelia Lempke, 402 F St., Grants Pass, says: "I can not tell you how much I suffered from rheumatic pains. There were times when I could hardly get around as I was so stiff and lame. At night I laid awake for hours on account of the pains, which went from one part of my body to another. I got up in the morning feeling so stiff and lame that it was all I could do to keep up. I tried many rheumatic medicines and also liniments, but without getting the slightest relief. Doan's Kidney Pills helped me from the start and almost before I knew it I was free from the trouble."

A Later Statement

On March 20, 1916, Mrs. Lempke said: "What I have said in my former statement regarding my experience with Doan's Kidney Pills is a fact and I am glad to confirm it whenever anyone asks me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Lempke has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

RUMANIA'S SPIRIT IS STILL UNBROKEN

Washington, Mar. 13.—Rumania's spirit will be loyal to the allies, despite any peace forced on her by Germany, was the statement of Rumanian delegates issued in Rome and cabled to the Italian embassy here.

The United States government in common with Rumania is thoroughly incensed at the Austro-German peace terms imposed on Rumania.

This thought was made clear at the state department here today when a cablegram from Jassy was announced saying that the Rumanians point out the terms were "violently impudent" and contradictory to statements of the Berlin and Vienna parliaments.

The government is particularly surprised at the Austrian tactics, inasmuch as they coincide with Germany's ruthless disregard for the rights of a small nation.

This new feeling on the part of the government is taken to mean that the government will not again make overtures to Austria while she is in her present mood.

AMERICAN TROOPS READY FOR DRIVE

New York, Mar. 13.—American soldiers in France are now ready to block a German offensive. Von Hindenburg has delayed too long his plans for risking a western drive early this year.

General Pershing at last is in position to make America's power play a decisive part in checking any effort of the Germans to break through the west.

The American overseas troops have reached the stage where they can be called upon instantly for service on a major defensive scale. The increasing frequency of American raids and the constantly enlarging sectors held by General Pershing's forces demonstrate conclusively that the preliminary training period has been left behind and the Americans are now true craftsmen of the trenches.

Von Hindenburg no longer has any serious chance of smashing through the west line.

Under the powers of the Versailles military council as initiated by the American general staff, it is possible for the troops of any nationality on the west front to be moved to new sectors.

Left-Handedness.

At least one human being in fifty is left-handed. This is the minimum estimate. Some authorities say four in fifty. W. Franklin Jones declares that 4 per cent of the race are born left-handed, but about three-fourths of these are converted by training into more or less imperfect right-handers. On the other hand, about 1 per cent of the race, though born right-handed, is trained to use the left hand because of accidents to the right.—Scientific American.

SLAVS FIGHTING WITH COMMITTEES

Petrograd, Monday, Mar. 11.—In consequence of the departure of the government commissioners to Moscow, a special Petrograd military revolutionary committee of seven members has been formed, with Leon Trotsky as president. Another committee of 10 members, representing the council of commissioners, also will be formed with M. Inovieff, a Lenin adherent, as president.

The neutral legations have decided to remain in Petrograd. The Germans advancing on Odessa are meeting with determined resistance all along the Slobodka-Tranmenka line. The typhus epidemic in Petrograd is increasing.

The anathema against the Bolsheviks pronounced by Dr. Tikhon, patriarch of all Russia and metropolitan of Moscow, was read in all the churches Sunday. Reports received here say that Austria is isolating all prisoners of war who have returned in order to prevent propaganda.

DAYLIGHT SAVING BILL HELP TO WAR GARDENS

Washington, Mar. 13.—How much produce can be raised in the average war garden in half a million years? Figure this out and the answer will show what the proposed daylight saving bill will do to the kaiser!

Charles Lathrop Park, president of the national war garden commission, in an appeal Monday for the enactment of the daylight saving plan, wrote to Representative Sims, chairman of the house interstate and commerce commission, saying:

"This bill will give 10,000,000 war gardeners a half million years of extra time this year to grow home-produced food. In the name of liberty give the war gardener this extra hour of daylight."

PULLMAN COMPANY CHANGES GERMAN NAMES

Phoenix, Ariz., Mar. 13.—Charles Korrick of Phoenix today is credited with being the man who caused the Pullman company to change the German names of more than 100 of their sleeping cars to something purely American.

Korrick objected to riding in a Pullman car bearing the name "Hismark." He voted his objection to the Pullman company in a letter and in return was told by Richmond Dean vice president of the company, that through his protest it had been found that at least 100 cars bore distinctly German names, but that orders had been immediately issued to have "the kaiser kicked out of the service."

"Cured!"

Mrs. Gus Griffith, of Everton, Mo., writes: "I suffered for three years with various female troubles. My life was a misery. I was not able to do anything... bearing down pain in my back and limbs, and headache... weak and nervous. Dr. — recommended Cardui to me."

TAKE Card-u-i The Woman's Tonic

"When I was on the sixth bottle," she continues, "I began feeling like a new woman... I know my cure is permanent for it has been three years since I took Cardui." Thousands of women, now strong and healthy, who once suffered from women's ailments, give Card-u-i the credit for their good health. Try it, for your troubles.

Spanish Blood in Conquered Races.

Spain, in colonizing the new world, always followed the policy of sending soldiers, but few or no women. It was the inevitable result that in every land conquered by Spain the population is to a considerable extent of mixed Indian and Spanish blood. Thus in Chile, Valdivia, one of the early Spanish explorers captured an Araucanian chief, Michi-Malonco, and held him for ransom. The cacique of the tribe offered 500 Indian virgins for the release of the chief, and this offer was accepted by the Spaniards. In this way originated the Chilean race of today, although it has subsequently been modified by accession of other racial strains.

The Great Crises.

The great crises of life are often like a bolt out of the blue of a summer day; there is not a moment for preparation. In such crises all that a man has been doing in the way of preparation suddenly bears fruit. He often acts instinctively; he does that which he is in the habit of doing and, because he is in the habit of doing his best and all his instincts prompt him to put forth the best that is in him, he seizes the golden moment and does not discover until afterward that it was golden.—Hamilton Mable.
