## What kind of Clothes are you going to buy for Easter?

Maybe you haven't decided what style you'll pick out; but one thing you've undoubtedly made up your mind to—the clothes you buy this spring are going to be the kind that will give unusually good service.

In these days when war taxes, and high cost of every thing are affecting all of us, there's a special reason for being particular about the quality you get. There's more economy in buying right than in buying cheap.

### Hart Schaffner & Marx new spring style are here
