BOY SCOUT DRIVE SET FOR APRIL 20

The date for the beginning of the intensive campaign by the Boy Scouts in the Third Liberty loan drive has been definitely set for April 20, and will continue unto the end of the month. This means that for the first two weeks of the drive that the scouts will not take any part in the solicitation of subscriptions. President Wilson has expressly asked the national council of Boy Scouts to use them as "cleaners after the reapers." The reason for this is that the scouts are participating in the campaign and not running it, and that experienced salesmen will be used in the general sale. The scout service is in the nature of a "clean-up"—a house to house personal canvass reaching individuals and homes not otherwise reached.

The application blanks which will be used in giving awards to the scouts will not be issued until April 20.

FRED ISHAM and FAMILY.

Give Your Little Ones An Interest in the Future

They are your hold on the future, and America is fighting to make their future safe. They are too little to realize this now—but some day must learn to reverence the traditions of America, the ideals of America, the great cause for which the men of their father's day gave their lives.

Be ready then to put in their hands bonds of their government. They will be for them inspiring evidence that their fathers planned sacrificed and invested for their sons' future. Liberty Bonds will mean more to them than money. They will make them proud of the fathers who in America's day of great need proved themselves true American patriots.
