The Portland Flouring Mills Co.

Why Unnecessary Shipping?

There is an increasing indication that Government control of railroads will take serious consideration of the duplication of effort in marketing supplies throughout the country.

The saving of car and motive power equipment is a problem to be solved, and regulation that will help to get results is sure to come.

Oregon is a big grain state—why ship breakfast cereals from various Eastern points when goods of equal grade and at prices as low or lower are produced here?

Why ship macaroni and similar paste from distant states—and Oregon raising wheat, producing flour and maintaining factories with equal offers of finished products?

Why ship cheese into a dairy state?

With Oregon's big supply of standing timber and maintaining factories, it seems that our people ought to demand local goods which we know are produced in quantity and quality with Eastern furniture? Lumber can scarcely be regarded as a finished product any more than sheet metal, from which ships are fashioned, is a finished article.

We will eventually become a great community if our people will support our factories and assist them by demanding Oregon made goods.

The benefits of payrolls are so well known, and the growth of factories so closely allied with our future prosperity, that it would seem the people would realize the importance of giving their support.

It is a matter of individual action and every person in Oregon can do a part. Cooperation will produce an immediate effect upon our industries. Begin NOW—your demand for Oregon products.

"FEELING ONE'S OATS"

Is a familiar expression growing out of the well established fact that eating oats produces vigor and energy.

GOLDEN ROD OATS

Are milled from the choicest oats obtainable, are free from hulls and can be used in many delightful dishes besides porridge.

Write for Our Liberty Recipes.

The Best the Market Affords.

CROWN FLOUR

is made to meet the demands of the most exacting housewife.

It is as near right as the best wheat, modern machinery and expert milling knowledge can make it.

The quality of Crown Flour will never be lowered, we will make it better if possible.

NOT BLEACHED.
