### NEW REGULATIONS FOR MAILING MAGAZINES

Postmaster Quinlan is in receipt of new postal regulations regarding the sending of magazines to soldiers. Under the new rule it will not be possible to send any of the current month's magazines because the notice printed on them is not correct. In order to stop the magazines from making an advertisement of the government's mailing privilege, the reading matter was changed to read:

**Notice to Reader**  
When you finish reading this magazine place a one cent stamp on the notice and mail the magazine. It will be placed in the hands of our soldiers and sailors destined to proceed over-seas.

No wrapper—No address. The notice must also be printed in the upper, righthand corner of the magazine.

This explains why a number of magazines have been up or not accepted for mailing.

### FINE PROGRAM IS HEARD

(Continued from page 1.)

Chamber of Commerce?" was a glowing defence for the existence of the organization. "Every organization," he said, "must submit itself as to its right to exist and its claim to utilize needed human energy. The nation is on a war basis and we have no right to devote ourselves to any other cause until the barbarous Hun is put down unless there is a direct benefit to the community and unless such efforts will help out in the general purpose."

He then proceeded to outline three reasons for the existence of a commercial organization such as the one in this city. His points were:

First, it is needed to make articulate the ideals, purposes and strength of the aesthetic and commercial life of the particular community.

Second, to keep men in touch and in the place of vision where the moving, advancing world thrills soul and mind until the enervating paralysis of narrow provincialism is banished with all its attendant ills.

And third, to promote the comradeship, mutual confidence and spiritual interpretation of life that constitute that intangible but very real community asset—morale.

Mrs. A. N. Parsons, in her beautiful, contralto voice, sang a patriotic song and was given an enthusiastic encore. Jos. Wharton coaxed melodious harmony from his clarinet and was forced to respond.

Although handicapped by a cold, Frank C. Bramwell, chairman of the third Liberty loan committee, gave a lucid explanation of the present bond issue, compared it with the past bond issues and incidentally did the kaiser to a beautiful, brown turn. He fairly lived up to his reputation as "the fire-eating denouncer of the kaiser." His remarks were punctuated with humorous reflections which kept his listeners in smiling and occasionally bursting into spontaneous laughter throughout.

The solos of Mrs. Harry Clark were well worth waiting for and it took two encores before she was allowed to quit. Mrs. Clarke possesses a very sweet soprano voice, well trained and delightful to hear. Her encores, a humorous, darkey song, were especially enjoyed. All of the solos were accompanied by Mrs. Geo. C. Sabin at the piano.

At the close of the program a census of the attendants was taken and it was found that all of the men present but four were members of the chamber, and applications from two of these were received. Vice-President Ludden announced that the membership of the club had increased 25 during the past month.

**Wants Yarn Report—**

### RED CROSS DIRECTORS MEET AT LUNCHEON

Directors of the Josephine chapter of the Red Cross met at luncheon this noon in the Chamber of Commerce rooms, nearly 30 being in attendance.

Matters of importance were discussed. A report from Chairman Bobzien showed a net amount of \$374.23 turned over to the treasurer from the governor's reception and dance. There is now in the treasury in all funds a total of \$2,800.
