FUNERAL OF TALITHA HOBBS TUESDAY 2:30

The funeral of Talitha Hobbs, who died in Portland Saturday, April 27, from an attack of pneumonia, aged 28 years, will be held Tuesday afternoon at 2:30 at Bethany Presbyterian church, Rev. L. Myron Boozer conducting the service. Interment at the L. O. O. F. cemetery.

The body will arrive here on train No. 13 Tuesday morning and will lie in state in the parlors of the Presbyterian church from 2 to 2:30 o'clock when the casket will be finally closed.

Talitha Hobbs was the only daughter of Mrs. Celestine Hobbs. She was born in Grants Pass in March, 1890, and lived here until about two years ago, when she removed to Portland to accept a position with Ballou & Wright. Although she had been sick only a week and had the best of care and nursing her frail constitution could not withstand the ravages of the disease and she passed away a patient sufferer, ready to go.

DR. McLEAN IS SPEAKER HERE

(Continued from page 1.)

although not members of the Presbyterian church, this name was adopted. One June 10, 1888, the new church was dedicated, and Margaret Kinney, now Mrs. McCormick, of Pomona, Cal., was the first child baptised here by Dr. McLean. Her baby was the last child baptised by Dr. McLean before he left Grants Pass the last time.

Dr. McLean remained in Grants Pass until January 1, 1899, when he accepted the call to the First church in Portland. He remained there until 1902, when he was sent to Porto Rico by the board. In 1908 he returned to Grants Pass for a stay of four and one-half years, when he was called to take up the Spanish work at which he is now engaged.

Rev. Boozer Talks
At the evening service of the Presbyterian church Rev. L. Myron Boozer gave an interesting account of his trip through Camp Freemont at Palo Alto, Cal., which he visited last week. Rev. Boozer took the audience through the big camp with an excellent word picture of what he found there, and he was full of praise for the manner in which Uncle Sam is caring for his boys in O. D.

He told of the excellent care the men are receiving, of their good, medical attention, recreation, work and other things. He paid a glowing tribute to the army Y. M. C. A. and stated that if he ever felt like leaving his pulpit it was the impulse to get with the boys in the uniform of U. S. and work with them. He stated that this war is bringing about a spiritual re-birth in this country, and that the men who are in the army and navy are receiving the greatest benefit of their lives.

FIRST AID CLASS IS TO BE ORGANIZED

A first aid committee of the local Red Cross chapter has been organized. Dr. L. O. Clement is its chairman. A class is about to be organized. This chapter has been called upon to organize this class in first aid work for two purposes. The first and the most important is to give to those young men who are subject to draft, lessons in first aid work. This will give them a great advantage over others who have not received these instructions. The second object is to give the people of this county an opportunity to receive instructions in this most valuable branch of Red Cross activity.

The executive committee of the local chapter want the people of the community to seriously consider entering a class for these instructions. Every one in the community needs some lessons in first aid work. Emergencies of daily life call for this class of instruction and at this particular time when the conservation of human life means so much, fathers and mothers should not miss this opportunity to receive these lessons. Telephone at once or call upon Dr. Clement.

CLOSER TRADE RELATIONS

(Continued from Page 1)

South American mineral belt taking out large quantities of copper and iron.

"The present war will bring North and South America into closer relation with each other, and whereas the lying propaganda of Germany had planted suspicion of the United States in the minds of South American people, they are now finding out that we are her best friend and protector. A number of countries of South America have actually declared war on Germany."

Geo. C. Sabin urged that all support the high school play Friday and Saturday. O. S. Blanchard called attention to the first aid class about to be started by the Red Cross.

L. L. Caldwell, of the Ellison-White chautauqua system, spoke on the program for the week of May 27 to June 1, stating that one of the finest entertainments ever given here would be presented that week. He stated that there is a chance to secure William Jennings Bryan, and that this distinguished American would probably be heard on Tuesday of that week.

OBITUARY

Mrs. A. E. Armstrong
Mrs. A. E. Armstrong, who died at the home of her son, A. E. Druse, on Friday, April 26, in her 89th year, was born in western New York, January 20, 1829. In 1838 her family moved to Coral, Ill., where, at the age of 18, she was married to Hiram Druse, and reared a large family, nine of whom survive her. She was converted in early life and up to the time of her death was a consistent and active member of the Baptist church. Her motherly ways endeared her to her children and grandchildren and to all who knew her. Subsequent to her marriage to Wm. D. Armstrong, and his death, Mrs. Armstrong came to eastern Oregon, and nine years ago came with her son to Grants Pass, making their home at 1122 East D street.

Three daughters, Mrs. A. S. Carpenter, of Portland; Mrs. W. E. Benedict, of Bella Fourche, S. D., and Mrs. Robert Leslie of this city, and one son, A. E. Druse, were present at the time of her death.

The body was interred at the L. O. O. F. cemetery, funeral services being conducted at Hall's chapel by Rev. B. A. Finch, on Sunday afternoon.
