UNITED STATES SENATOR CHARLES L. McNARY

Because United States Senator Charles L. McNary has made good he should be nominated to succeed himself in the Republican primary, May 17th.

From the day he became Senator, he has loyally championed the prosecution of the war, and during his term of office has accomplished more for Oregon than any other member in Congress in a like period.

Among his colleagues he is known as "the man on the job," and during the present war crisis Oregon should consider itself fortunate in having an opportunity to return him and not be compelled to send to Washington, a new, untrained man.

Believing that the supreme obligation he owes his country is to help win the war, Senator McNary, instead of returning to his State to conduct a political campaign, is at his post in Washington working for Oregon and aiding in the prosecution of the war.

Always since entering the Senate he has been a friend of our soldiers and sailors and has introduced legislation giving them preferential homestead rights and repeatedly championed their cause when their welfare was in jeopardy.

Championing the cause of the Oregon farmers, Senator McNary procured for them a primary wheat market, saving thereby several millions of dollars to the wheat growers of the Northwest.

Realizing the present Food Control Law fails to fix prices for many commodities, Senator McNary has introduced, and is laboring for the

passage of a bill, striking at profiteering and fixing prices on the necessities of life.

Senator McNary has procured Government contracts for the first time in the State's history for Oregon products, such as prunes, dehydrated potatoes and vegetables in large quantities.

Large contracts from the government for army clothing and ship-building and lumbering industries.

Favorable action by the senate committee on irrigation on a bill providing for the government marketing of district irrigation bonds, thereby supply funds for irrigation district projects.

Favorable action from same committee on a bill authorizing the Secretary of the Interior to accept irrigation or district drainage bonds and exchange them with the Secretary of the Treasury for certificates of indebtedness, thereby providing funds for legitimate projects.

Senator McNary is working: For prompt payments of allotments to dependent relatives of soldiers and sailors.

A comprehensive plan for the utilization of the water power resources of Oregon.

For the construction of a coast military highway at government expense.

Senator McNary was born on a farm in Oregon; reared in the Baptist church; educated in the public schools; worked his way through Stanford University; is a lawyer and farmer and has been a life-long Republican. He was formerly a Justice on the Supreme Court and later chairman of the State Republican Central Committee.

Space forbids further enumeration of the vast amount of work Senator McNary has done for Oregon, but anyone will realize for the foregoing the Senator has displayed truly remarkable ability, coupled with extraordinary diligence and energy. His native state can best show its appreciation of his faithful and efficient services by nominating and electing him.

THOMAS B. KAY,
State Treasurer.

B. W. SLEEMAN,
Bus. Rep. of District Council of Carpenters.

MRS. GEO. W. McMATH,
Pres. of Co-operative League.

THOMAS A. McBRIDE,
Chief Justice of Oregon Supreme Court.

T. B. NEUHAUSEN,
Vice-Chairman Hughes Campaign Committee.

Sing a song of pennies,
For pennies now rank high;
Five and twenty pennies
A thrift stamp will buy.
Sixteen stamps of thrift
Will buy a little bread
And bread will give short shift
To Hans and Fritz beyond.

Buy Baby Hunting
A baby band for hunting
Submarine and Zeppelin
Before they hunt the Babykin.

See saw, Marjorie Daw,
Prussia shall have a new master,
His name will be Democracy
Which spells a Junker Master.

Sing, sing, what shall we sing?
Let every one open his own purse
string.
Martha Newland.

MARCH TO VICTORY

Courage is a matter of the blood. Without good red blood a man has a weak heart and poor nerves.

In the spring is the best time to take stock of one's condition. If the blood is thin and watery, face pale or pimply, generally weak, tired and listless, one should take a spring tonic. One that will do the spring house-cleaning, an old-fashioned herbal remedy that was used by everybody nearly 50 years ago is still sale and sane because it contains no alcohol or narcotic. It is made up of Blood root, Golden Seal root, Oregon Grape root, Queen's root, Stone root, Black Cherry bark—extracted with glycerine and made into liquid or tablets. This blood tonic was first put out by Dr. Pierce in ready-to-use form and since then has been sold by million bottles as Dr. Pierce's Golden Medical Discovery. If druggists do not keep this in tablet form, send 60 cents for a vial to Dr. Pierce's, Invalids' Hotel, Buffalo, N. Y.

Kidney disease carries away a large percentage of our people. What is to be done? The answer is easy. Eat less meat, eat coarse, plain food, with plenty of vegetables, drink plenty of water between meals, and take an uric acid solvent after meals for a while, such as Anuric (double strength), obtainable at almost any drug store. It was first discovered by Dr. Pierce. Most every one troubled with uric acid finds that Anuric dissolves the uric acid as hot water does sugar. You can obtain a trial package by sending ten cents to Doctor Pierce's Invalids' Hotel and Surgical Institute in Buffalo, N. Y.

RAILROADS ARE NEEDED

Play Important Part in Development of State.

"More and more as the world moves along, and especially in the next few years, transportation will play a constantly increasing part in our prosperity and economic balance." L. J. Simpson, in a recent talk before Portland business men, claimed that this item is one which Oregon as a state must consider. "Railroads," he said, "should gridiron the interior of the state."

He believes that the logical way to develop commerce is by the general development of the outside portions of the state. Oregon today has but one large city, yet geographically and topographically is the most ideal state of the Pacific Coast for intensive development.

Mr. Simpson, the candidate for the Republican nomination for Governor, gave in his talks some examples of how manufacturing, encouraged by local interest and the application of principles which are proving successful year after year, have built up and are still building up, North Bend, Oregon, a town which 19 years ago existed only in the active mind of this citizen of Southwestern Oregon.
