Enrolling in First Aid—

Class No. 2, first aid work of the Red Cross is now being organized and persons wishing to enter this class, can do so by handing their name to Mrs. Philip Helmer. Young men of the draft are earnestly requested to enroll.

Red-blooded men of courage are on the firing line—and there are many anemic, weak, discouraged men and women left at home.

At this time of the year most people suffer from a condition often called Spring Fever. They feel tired, worn out, before the day is half thru. They may have frequent headaches and sometimes "pimply" or pale skin.

Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the springtime of the year, should try the refreshing tonic powers of a good alterative and blood purifier. Such a one is extracted from Blood root, Golden Seal and Stone root, Queen's root and Oregon Grape root, made up with chemically pure glycerine and without the use of alcohol. This can be obtained in ready-to-use tablet form in sixty cent vials, as druggists have sold for fifty years as Doctor Pierce's Golden Medical Discovery. It is a standard remedy that can be obtained in tablet or liquid form.

A good purge should be taken once a week even by persons who have a movement daily, in order to eliminate matter which may remain and cause a condition of auto-intoxication, poisoning the whole system. To clean the system at least once a week is to practice health measures. There is nothing so good for this purpose as tiny pills made up of the May-apple, leaves of sicc and jalap, and sold by almost all druggists in this country as Doctor Pierce's Pleasant Pellets, sugar-coated, easy to take.

New Newspaper—

The Powers Patriot is the name of a new paper published at Powers, Coos county, by Wilfrid Robert Smith. The paper is "devoted to the interests of Powers and southern Coos county," and seems to be doing the job. It has excellent advertising support from the merchants of the town and is a new little sheet. The Patriot should push the progress of Powers. About the only objection to be found is the fact that the American flag is used in the border of many of the advertisements. The flag should never be used in any advertisement except by the government.

AT THE MOVIES TONIGHT

The anticipated appearance of Mae Marsh in "Sunshine Alley" will not take place at the Joy theatre tonight owing to the fact that the shipping clerk at Seattle got mixed and sent it to another address. However, it is expected that it will arrive in time to be shown tomorrow and the theatre-going public will enjoy the treat just the same.

But the management has secured from Medford for this evening a new release from the William Fox studios, "The Bride of Fear," in which Jewel Carmen is the featured star.

Anna Carter (Jewel Carmen) comes to the end of her rope in the city, and deciding to end it all, turns on the gas. She is rescued by Masters (Charles Gorman), a gentleman of uncertain reputation who has the adjoining room. Later they are married, Ann accepting his proposal more through fear of being alone than because she loves him. On their wedding eve he is arrested for burglary and sent to jail. In time Ann secures employment as resident secretary to Martin Sterling (Charles Bennett). She meets his son Donald (L. C. Shumway), and it is through her that he breaks away from the riotous life he has been leading. He proposes and she dare not answer him with the truth. Soon afterwards, however, she hears that Masters has been killed in an attempted escape from prison. But her happiness is short-lived, for one night he appears in her room, having traced her to the Sterling mansion. Donald hears the noise and enters and a fight ensues. When Ann sees Donald getting the worst of it she seizes Masters' gun, fires and kills him. The verdict is justifiable homicide and the shadow in Ann's life is removed.

And Charlie Chaplin is with us, which will make up in a measure for any mishap that may have occurred to the bill. It is a fine program and one that will be enjoyed.

U. S. IRRIGATION MAN SPENDS DAY HERE

R. B. Teale, of Berkeley, Cal., spent the day yesterday with John Dubuis, engineer for the Grants Pass Irrigation district. Mr. Teale is an irrigation engineer with the U. S. department of agriculture and has recently been transferred from Washington, D. C., to the coast where he is engaged in investigating proposed irrigation projects for the capital issues committee of the federal reserve board.

Mr. Teale had been at Talent making an investigation of that proposed project to make a report to the committee. He stopped off here for a visit with Mr. Dubuis and was taken for a drive over the Gold Hill and Grants Pass districts. He was very much impressed with the country and with the possibilities for irrigation here.

DELIVERYMAN BRUISED IN MOTORCYCLE CRASH

Claude Ainsworth, deliveryman for the River Banks creamery, was painfully, although perhaps not seriously injured today, when the motorcycle on which he was riding refused to respond to his regulations and threw him onto a lamp post in front of the Kinney & Truax store.

Ainsworth was riding north on Sixth street, and when he went to release the clutch on his machine it stuck, making it impossible for him to turn at the speed he was making and he was carried to the sidewalk, where he was wrapped around the post.

He was cared for by Dr. Loughridge, who found an injury on the knee and severe bruises about the chest. It is not thought that the wounds will be serious and Ainsworth is expected to be out in a day or two.

AN AX ON BICYCLE CUTS GASH IN THIGH

Frank Buffington, of Hugo, was badly cut on the thigh yesterday when an ax, which was strapped to a bicycle which he was riding, came down on him when he was thrown from the wheel. Buffington was coasting down hill near Hugo, the double-bitted ax tied to the crossbar of his bicycle. In trying to slack up the coaster brake caught, causing the wheel to stop suddenly and threw the rider over the handlebars. The bicycle came on over and the sharp ax struck him in the thigh, cutting a gash four inches long and one-half inch deep. He was brought to this city and the wound was sewed up by Dr. S. Loughridge.

WILDERVILLE SERVICE FLAG HAS 21 STARS

A community service flag with 21 stars was dedicated at the Methodist Episcopal church at Wilderville Sunday with appropriate exercises and was largely attended. The services were highly patriotic in their nature, consisting of patriotic hymns and anthems, readings and a very able, patriotic address by the pastor of the church, the Rev. C. G. Morris. Mr. Morris, who is an eloquent and able speaker abounded the justice of our entrance into the war and our duty as a people to be 100 per cent Americans and to unitedly as a people stand by with every effort and sacrifice to win a complete victory for the cause of liberty.

A feature of the service was an original poem written for the occasion by John H. Robinson. Special praise is due the flag drill by several young ladies.

The service flag was made and presented by the ladies aid society of the church, of which Mrs. Lovelace is president.

Wilderville community is enthusiastic for the war and the community spirit which is helped by the church, under the pastorate of Rev. Morris, is branching out as a complete community church, helping to solve the community problems. The thanks of the community is certainly due the church for Sunday service.
