This Is Your Regiment of Marching Dollars

Save Till It Hurts - Why?

Because—the United States is at war.

Because—the only safe road to Peace is Victory.

Because—soldiers and sailors cannot win unless the entire American people—every man, woman and child refrains from everything not absolutely necessary to health and efficiency, and thus releases labor for the production of materials of war and the support of our army and navy.

Because—every pair of shoes, every suit of clothes, every hat, every suit of underwear, etc., not necessary, used by us at home, means one less pair of shoes, one less uniform, one less overcoat, one less muffler for our boys who are fighting to make our homes safe.

Because—U. S. Bonds, War Savings Stamps and U. S. Thrift Stamps may be purchased by the people from money saved from their income every dollar spent for an unnecessary thing is a force for evil. That dollar buys labor and materials for equipping our army navy it has a double force—first it ceases to aid the enemy second it is fighting for us in behalf of mankind. Be sure that pennies, nickels, dimes, quarters and dollars are enlisted in the cause of your country. An idle dollar is a SLACKER dollar, but a dollar wasted in war time is a TRAITOR dollar.

Because—you should not let another day go by until you have actually given up some real thing—for your country—"until it hurts."

The United States Government Offers You the Opportunity to Save and Serve

You can buy a United States Thrift Stamp for 25 cents. A card is furnished on which to paste it. Sixteen of these, plus a few cents cash will buy a War Savings Stamp. On January 1, 1923 the United States Government will pay you \$5.00 for each stamp pasted on a War Savings Certificate—this is 4% compounded quarterly when the stamps are held till January 1, 1923. A simple and secure investment—yielding a good income on your money. When you do this, you become an actively American citizen—one who is saving lives by saving money.
