

The Choice of Those Who Know

Manufacturers and leading motor car distributors recommend ZEROLENE. The majority of motorists use ZEROLENE.

ZEROLENE reduces wear and gives more power because it keeps its lubricating body at cylinder heat. Gives less carbon because, being refined from selected California asphalt-base crude, it burns clean and goes out with exhaust.

ZEROLENE is the correct oil for all types of automobile engines. It is the correct oil for your automobile. Get our lubrication chart showing the correct consistency for your car.

At dealers everywhere and Standard Oil Service Stations.
STANDARD OIL COMPANY (California)

Correct Lubrication for the "V"-Type Engine
This, the "V"-Type of automobile engine, like all internal combustion engines, requires an oil that holds its lubricating qualities at cylinder heat, burns clean in the combustion chambers and goes out with exhaust. Zerolene fills these requirements perfectly, because it is correctly refined from selected California asphalt-base crude.

PIG CLUBS FOR PORK

Boys and Girls in One State Will Produce 10,000 Pounds This Year.

The Ohio war board says: Boys and girls' pig clubs throughout the country are expected to produce at least 10,000 pounds of dressed pork this year.

To stimulate interest in these clubs and increase pork production in Ohio, the Ohio state fair will this year offer a number of prizes and give demonstrations in mixing of feeds, making self-feeders, making hog houses and other subjects of interest to pig raisers.

These pig club members have been termed "junior soldiers of the commissary."

It is expected that every boy who can do so will raise one or more pigs for Uncle Sam this year and help furnish the meat supply for the soldiers.

RED CROSS TO GET TIPS

Society's Workers May Take Place of Cloak-Room Bandits.

A new method of raising hundreds of thousands of dollars annually for the Red Cross and other worthy war causes has been advanced in Cleveland. It is suggested that Red Cross girls be placed in charge of hat and coat checking rooms at hotels and other places where such privileges net thousands of dollars annually. It is pointed out that the continual seeking of tips and charges in such places is annoying, but that no one would feel that way about a Red Cross representative and would be more than apt to give generously. Whether the suggestion will be followed up is not yet known, but influential persons here are said to be strongly in favor of the plan.

AGED EGGS STALE

Were Laid Many Years Ago and Are Now Seized.

Eggs is eggs, but fifty-year-old eggs, although still eggs, are not the proper kind of hen-fruit for Philadelphia, in the opinion of Mr. Simmers. The whole proceeding ran in fifties. There are 50 cases of eggs, they were fifty years old, and it took Simmers just about 50 seconds to taboo them.

The consignment was packed in air-tight cans and was to have been put in cold storage at the Reading terminal plant until bakers needed them for cake. They were "canned" all right.

FOE PERSECUTES AMERICANS

Indiana Girl Tells of Treatment by Germans After Wilson's Speech.

Americans in Germany have been subjected to bitter persecution since President Wilson's Baltimore speech was published in German papers, according to Miss Bonventura Spink of Indianapolis, who returned on a Danish liner after six years' residence in Berlin. She sang there with an opera company. Miss Spink declared that children are starving so that food may be provided for soldiers.
