

GOLD STAR PLACED ON PRESBYTERIAN FLAG

In the morning service of Bethany Presbyterian church the roll of the men of the congregation who have entered the country's service since the dedication of the service flag will be read and their stars indicated. The first gold star in honor of Emory Bartlett who died in France of wounds received in action will replace the blue star over his name and appropriate tribute to his memory will be paid. Parents and relatives of the men whose names appear on this service flag are invited. Nine new stars are to be added at this time, making a total of 33 stars.

AJAX TIRES

GUARANTEED IN WRITING 5000 MILES

AJAX Alone Has Shoulders of Strength

See the Ajax Shoulders of Strength in the picture. Note how they are built out on either side of the tread which they support and cushion. This means more miles for you.

No other tire can have these shoulders. Ajax owns the patent.

AJAX ROAD KING

has Ajax Shoulders of Strength. They give it "more tread on the road," more contact area—more grip with it. The triangle shape of the tread, they easily hold it.

97% Owners' Choice

It's because Ajax tires are different—better—than of their tremendous output 97% go to individual motorists. They pick them out because they are better than the tires that came with their cars. An overwhelming vote for Ajax popularity.

Come in and see this master tire at our Ajax Tire Supply Depot—headquarters for Ajax Tires and Tubes and real service.

Why the Scotch Highlanders Wear Kilts

BECAUSE the Scotch, wading through the wet heather of the Highlands, found Kilts kept drier. Before the Roman soldier, himself a Kiltie, came, Lowland and Highland folk wore Kilts. When modern life turned the Lowlands to trousers, the wet mountain heather held the Highlanders to Kilts. But his wet heather, had GOODRICH been founded, wouldn't have worried the Highlander.

GOODRICH SERVICE VALUE TIRES

Goodrich would have met his needs with Hippos boots and waterproof garments, just as Goodrich met the need of the automobile for the right rubber tire. Twenty-two years Goodrich has shaped the destiny of automobile tires, bringing them from crude, clumsy affairs, to the graceful GOODRICH SERVICE VALUE TIRES. And all Goodrich inventions were directed toward one end, SERVICE VALUE to the user. For Goodrich recognizes but one tire value; what a tire does to the motorist on his car and on the road—economy, and long mileage. Goodrich manufacture puts SERVICE VALUE in Goodrich tires. Both SILVERTOWN CORDS, and CLARK SAFETY TREADS, and Goodrich Test Car Fleet prove it is there. Demand the SERVICE VALUE TIRES. THE B. F.
