200 SWEATERS, 1410 PAIR SOXS TURNED IN

Once more, through the splendid organization and the distributing methods of the ladies of the Red Cross having in charge the last allotment of sweaters and socks, Josephine county has shown its patriotism, and gone over the top. The committee reports that there have been turned in 200 sweaters and 1,410 pairs of socks and still more socks to come in. This has all been done within the time allotted and shipment will be made in a few days. The splendid spirit of the cooperation shown upon the part of the public in putting over this quota is one that is making Josephine county a splendid record in Red Cross activities.

Several other large allotments have been received by the local chapter for the manufacture of garments in the sewing rooms, and the local chapter requests that those who have so splendidly shown their spirit in the manufacture of knitted goods apply themselves immediately to the preparation of the articles being made in the sewing rooms. Our efforts must be continuous and not spasmodic. Certain days in the week must be given over to the sewing rooms. Let nothing stand in the way of another big success. We are asked to do these things and we must comply.

GERMANS CAMOUFLAGE THEIR SUBMARINES

An Atlantic Port, Sept. 7.—Two German submarines disguised as fishing craft and carrying sails are operating off the Atlantic coast, according to officers of steamships arriving here today.
