

RED CROSS SEND CALL FOR RUBBER AND BOOKS

The local chapter of the Red Cross requests from now on and until the close of the war, all people having old auto tires and tubes, to leave the same at Demaray's Drug store, for the benefit of the local chapter. Convey this word to your friends.

The local Red Cross is not and never has been collecting acorns.

All magazines, old books and ledgers still needed. Deliver at Bishop's old store, across from the Peerless. Many people think this means the other fellow. It means you.

AT THE MOVIES

"To Hell With the Kaiser"

Some of the scenes of "To Hell with the Kaiser," the seven-act film drama to be presented at the Broadway theatre tomorrow night, were revealed at a private showing yesterday to an audience made up of press representatives and persons directly concerned with the picture's premier.

The emphatic Americanism that speaks through the title of the picture has found expression in all of these scenes. The author, June Mathis, did not write her scenario on lavender-tinted paper, nor did the director, George Irving forget that he was visualizing the greed and lust of the Postdam gang that set out to get possession not only of Europe but of the United States. "To Hell with the Kaiser" is not a pacifist tonic. It is a patriotic epic.—N. Y. Eve. Mail.

With the introduction of a love story the picture mingles the author's fancy with the facts of history. The war lords of Germany, presided over by Wilhelm of Hohenzollern, are shown planning the conquest of the world. To each is allotted a nation as a reward—the United States, reserved for the last, intended for the crown prince. The now historic incidents are shown in which Wilhelm tore up the treaty of Belgium, declaring it to be only "a scrap of paper," and acknowledging to the world that he disregarded all honor and decency. The sacking of Belgium, the burning of convents and the violation of nuns and young girls are indicated in a way that makes the blood boil with righteous indignation.—Eve. Mail N. Y.

WOMEN CALLED TO HELP

(Continued from page 1.)

the last counties to enter into this particular war activity in this way, consequently the women of Josephine county needs must answer quickly and willingly to this call from the government, for it is expected at national headquarters, because of the constantly decreasing man power of our country, that the next Liberty loan will necessarily have to be carried on largely by the women. Therefore this is the women's opportunity for essential educational work in this field of action and it is sincerely hoped by the local Liberty loan chairman that every woman called upon will readily agree to accept this new and great responsibility and enter heart and soul into this work that the government is now asking of her.

Volunteer workers are called for to respond immediately. Those women willing to do their part in boosting Josephine county over the top in the Fourth Liberty loan will please leave their names at the Liberty loan headquarters, today, or as soon as possible.

The women are urgently requested to volunteer for this work, thus making possible another splendid report of the untiring loyalty and support of the women of Josephine county.

STANDARD OIL COMPANY

Correct Lubrication for the Air-Cooled Type Engine

Engines are either water-cooled or air-cooled. This, the air-cooled type, like all internal combustion engines, requires an oil that holds its full lubricating qualities at cylinder heat, burns clean in the combustion chambers and goes out with exhaust. ZEROLENE fills these requirements perfectly, because it is correctly refined from selected California asphalt-base crude.
