

SURGEON GEN. GORGAS GIVES HEALTH HINTS

Surgeon General Gorgas who is at the head of the health department of the United States, speaking of Spanish influenza which is now raging, urges the following preventive meas-

1. Avoid needless crowding—influenza is a crowd disease.
2. Smother your coughs and sneezes—others do not want the germs which you would throw away.
3. Your nose, not your mouth, was made to breathe through—get the habit.
4. Remember the three "C's"—a clean mouth, clean skin and clean clothes.
5. Try to keep cool when you walk and warm when you ride and sleep.
6. Open the windows always at home at night; at the office when practicable.
7. Food will win the war if you give it a chance—help by choosing and chewing your food well.
8. Your fate may be in your own hands—wash your hands before eating.

9. Don't let the waste product of digestion accumulate—drink a glass or two of water on getting up.
10. Don't use a napkin, towel, spoon, fork, glass or cup which has been used by another person and not washed.
11. Avoid tight clothes, tight shoes, tight gloves—seek to make nature your ally, not your prisoner.
12. When the air is pure, breathe all of it you can—breathe deeply.

NOTICE
Are you Registered? If not, then do it now. Saturday, October 5th, 1918, is the last day to register for the General Election.
E. L. COBURN,
County Clerk

GREAT BOMBS CARRIED BY AMERICAN AIRCRAFT

Behind the American Lines in France, Oct. 1.—Bombs of an incredible size are now carried by American aircraft, and some idea of their destructive capacity may be gained from the fact that they cannot be dropped at a lower altitude than 8,000 feet, so greatly is the air disturbed by the explosion.
An amusing incident occurred when the first of these was dropped on enemy territory, which is much harried by American bombers and consequently bristles with searchlights and anti-aircraft batteries. So terrific was the explosion that every searchlight went out instantly, and the airmen were deprived of the landmarks on which they had counted to find their way home.
Americans in this squadron have had remarkable success. In two weeks they accounted for 25 enemy machines, 17 of which were crashed, and one balloon. All are imbued with the idea of maintaining the offensive under all circumstances.

WHEN EVERY MOVE HURTS

Lame every morning, achy and stiff all day, worse when it's damp or chilly? Suspect your kidneys and try the remedy your neighbors use.
Mrs. Wm. Harvey, 621 N. Eighth St., Grants Pass, says: "I suffered from kidney trouble. My back nearly killed me. It ached so badly. I was as helpless as a child, being confined to my bed most of the time. My kidneys were terribly congested and I was a nervous wreck. It just seemed as though every inch of my body was affected, as I ached all over. Doan's Kidney Pills pulled me through this. I stuck to them for several months and was finally able to get around as well as ever. I consider myself cured.
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Harvey had. Foster-Milburn Co., Mfgs., Buffalo, N. Y."

AS HAVE OTHER HUN THINGS

Man Complains That His German-Made Clock Has Completely Gone to the Bad.

My old alarm clock has gone to smash. That may not be a news item nor it may not interest you, but up at our home the fact that the alarm clock wouldn't go any more was an event of interest. It was ticking away on the shelf at a quarter to 11 the night of July 17. I took it up to wind it. One twist, and—rattle, bang, hiss boom ah. Something went all to pieces in the works.

More twists, shaking, putting the clock to ear and final determination that it was done for. I thought to look it over before depositing it in the ash can. On the back was scratched the month and day of the purchase in 1912. I was looking on the face for the last time and studying it closely. Then down at the bottom I saw in small letters: "Made in Germany." There it had been ticking away on the shelf year after year, sounding its alarm regularly, and yet never before had I noticed that detested inscription. Probably if I had it would have gone into the ash can long before.

Just like a lot of other "Made in Germany" things that we didn't know were around until we found them out. But the old German clock is busted, the works have gone to smash, it has sounded its last alarm, and as I meditated on it I thought how true of everything else "Made in Germany," including the Jugernaut war machine, 40 years in the building, with which the kaiser was to ride untrammelled over all the rest of the world. The works "is busted."—E. E. K., in Syracuse Post-Standard.
