Coaling up in Colon town.
Coleen who waits for me.
Come along, ma honey.
Come along to Caroline.
Come back to me in lilac time.
Come back to Bamboo land.
Come on over Mary to old Father John.
Come out to Nashville, Tennessee.
Crown time.
Cradle time songs.
Cross my heart and hope to die.
Crying, because you've broken my heart.
Cute little wigglin' dance.
Daddy, I ain't mad at you.
Daddy mine.
Dallas blues.
Dancing down in Dixie.
Darktown strutters' ball.
Dear little home sweet home.
Dear old home.

W. R. C. WILL HOLD IMPORTANT MEETING

General Logan W. R. C. will hold its most important meeting of the year Saturday afternoon at 2:30, when the department president, Mrs. Bertha Drew Gilman, will visit the corps on her official inspection tour. Every corps member—with her lunch basket—is requested to be present. A fine program has been arranged, to dedicate the corps service flag, with speaking and music. General Logan G. A. R. and all Civil war veterans who may be in the city are invited and all visiting corps members are cordially invited to be present. At the close of the program, at 5:30, a picnic supper will be served.

Says Pet Deer Killed—

Dick Lewman, a Southern Pacific engineer, is another of the local sportsmen accused by ranchers near Murphy of having killed a deer at night. A warrant was served on Lewman today. J. W. Gilmore and another rancher near Murphy claim to have been feeding a few deer on their ranches for several seasons past, and while the deer roam the woods, the farmers look upon them as pets. Several of the animals have been killed.

Association Disbands—

The "Beavers," an association of the local merchants, held a banquet at the Oxford hotel last evening, the occasion being the last meeting of the Beavers. Owing to war conditions and rapid and stringent orders by the government, it was decided to disband, especially during the continuation of the great conflict.

THE HEN THAT WILL LAY IS THE HEN TO HAVE

Until recent years the tendency has been to produce show birds and the best advertisement that a poultryman could have was his winning in the show ring. Things have changed and we are now breeding for production. Certain markings in feathers and beautiful coloration are all very well, but what we want is the hen that will deliver the goods.

The trap nest has been responsible for this change. Getting actual data on the real production of the hen. When this work has been going ahead those in charge have been carefully studying the hen and have found that in almost every instance where a hen was a good producer that she possessed certain very discernable characteristics that the non layer did not. This study has led to the culling out very successfully, many unprofitable hens. Of course the trap nest is the most infallible but it is not possible for the average farmer to use this method.

Prof. Brewster of O. A. C. is to be in town tomorrow and next day to tell and show how to cull the flock. He will be at Mr. Hammerbacher's tomorrow at 10 o'clock and on Saturday at the same hour at T. P. Cramer's residence.
