SPLENDID NEWS

The best news that has come over the wires since the United States entered the war, came in Friday evening at 4:40 p. m. This brief news that instantly set all America wild with jubilation, read:

"Turkey has made definite peace proposals to President Wilson. Austria-Hungary and Turkey have informed Germany that they will accept President Wilson's peace terms."

If these reports are true, it is possible that peace is in sight—possibly within a few weeks—for Germany, standing alone, will be unable to withstand the onslaughts from all fronts. She must crumble and crumble rapidly.

Von Hindenburg and Ludendorff are said to have told the kaiser recently that Germany has lost the war—that the military situation was hopeless. This statement is supposed to have been the cause of the bitter words between the kaiser and Hindenburg, of which the dispatches spoke a few days ago.

Some chagrin and disappointment is expressed by loyal Americans and soldiers at the front over the sudden ending of hostilities, should the war come to a close without giving the allies a chance to wreak revenge by razing a number of German cities. But would the revenge be worth the price? Germany certainly deserves such a punishment—her punishment cannot be too severe—and the allies should, and probably would, inflict it with clear consciences, but such a revenge would have its price—and thousands of our brave boys' lives would be that price. But judging from the attitude of the peoples of all the allied countries Germany can save herself from the threatened fire bath only by unconditional surrender. However, warning is sent out from Washington advising the people to not put too much faith in the belief that Germany will suddenly end the war by accepting unconditional surrender.

ROUMANIA'S PLIGHT

Many people are probably wondering why Roumania has not taken an active part in the world war during the past few months, but the following information, from Lieutenant Vasile Stoica, vice-president of the Roumanian council at Paris, fully explains why the Roumanians have not been heard from lately:

"The Roumanian nation will 'carry on' to the end," he said. "Not one of the small nations is beaten so long as the United States is in the war. No matter how unhappy its plight, not one of them is disheartened."

"True, Roumania lies for the mo-

ment prostrated. She is betrayed, broken, bleeding, devastated. I wonder if you have, in the United States, any notion of the enormity of Roumania's sufferings. Imagine, if you can, what it would mean to you if all the railroads, bridges, factories, and shops in the United States, from the Atlantic seaboard to El Paso, had been destroyed by an invader, if your country had lost in one year of war 11,000,000 people, and if in part of our territory ruled by the oppressor, 360,000 of your brothers and parents had been condemned to death and shot and hanged. Does this give you some understanding of the situation of the Roumanian nation today?"

Yesterday was Columbus day. On October 12, 1492, Columbus discovered the country that is today giving military autocracy and kaiserism its death blow.

EARTHQUAKE IN PORTO RICO

Havana, Oct. 12.—Widespread damage from an earthquake is reported in Porto Rico.

THE SEVEN WELFARE ORGANIZATION DRIVE

The seven welfare organizations which are serving American and Allied soldiers, the Y. M. C. A., Y. W. C. A., National Catholic War council, including K. of C., War Camp Community Service, American Library Association, Jewish Welfare Board and Salvation Army, have at the request of President Wilson, combined forces for a drive for war funds during the week of November 11 to 18. The campaign will be for \$170,500,000 and the eight states of the west together with Alaska and Hawaii have been asked to raise five per cent of this amount or \$8,525,000 as follows:

Table with 2 columns: State, Amount. California \$4,688,750; Washington 1,278,750; Oregon 767,250; Montana 511,500; Idaho 426,250; Utah 341,000; Wyoming 196,075; Nevada 85,250; Hawaii 213,125; Alaska 17,950.

Every cent raised will be used in war work and will be the means of maintaining and raising the splendid morale of the soldiers and sailors. State and county committees have been formed and the campaign will be carried down to the last home in the community. It will signify the nation's backing of the men at the front.

COUNTRY WHERE DEATH LURKS

tion painted and weather-worn to resemble a real mill. "A wrecked house often serves us as very good camouflage" said the

commander. "We had one with the windows all gone so the enemy could look straight through to the walls inside. By painting false canvas walls just back of the windows, the enemy still thought he was looking at the real walls opposite. But back of the canvas our observers and snipers were at work and the device was very effective."

A pile of gravel stood near the wall—or what appeared to be a pile of gravel, for this, too, was camouflage. The pebbles were heaped around a hollow frame with its gauze opening for the observers and the flap through which the machine gun barked. Further along was a pile of brick—camouflage; and over in the field was a stack of hay—camouflage. Each one of them was a small fortress as well as a post of observation.

BELIEVE DISEASE HAS REACHED ITS CREST

Washington, Oct. 12.—While reports from all parts of the United States show that influenza is spreading, there were signs in the New England section that the disease has passed the crest.

AT THE MOVIES

The Official War Review

"Keeping America in pictorial touch with the most stupendous war the world has ever known—a war in which we are to be the deciding factor," is the explanation of the Official War Review given by Charles S. Hart, director of the division of films, committee on public information.

"It should be brought to the attention of the public the importance of the Official War Review as a means of stimulating enthusiasm and bringing home to the people a realization of the real meaning of the great struggle," writes Mr. Hart. "This realization will mean a more general response to the plea for investments in Liberty bonds and thrift stamps as well as a greater generosity in contributing to the various war-aid organizations."

"CAN I BE CURED?"

But be sure to get GOLD MEDAL. Look for the name on every box. In three sizes, sealed packages. Money refunded if they do not help you.

Only One Corn Peeler, "Gets-It"

Stop Corn Pains; See Corn Peel Off. It is just when a corn hurts that you want to feel sure about getting rid of it. Why take chances of keeping the corn and having the pain grow worse? You'll use "Gets-It."

The Only Peel-Off Way Is "Gets-It." It's anyhow, sooner or later, might as well use it sooner. Then you are absolutely sure that the corn will loosen from your toe so that you can peel the whole thing off painlessly with your fingers, in one complete piece—just like peeling a banana. It takes a second or two to apply "Gets-It." There's no fusing or pattering. Corn-pains will vanish—that'll keep you sweet while the "Gets-It" does the rest. Nothing new for corns has been discovered since "Gets-It" was born. Follow the judgment of the millions: use "Gets-It" and be sure to be corn and pain free! You'll say it's magic. "Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. M'd by E. Lawrence & Co., Chicago, Ill.

Sold in Grants Pass, and recommended as the world's best corn remedy by George C. Sabin.
