COUNTY AGENT'S NOTES

Agricultural Lime

The state lime plant at Gold Hill is now producing one, and in a few days will be producing two car loads of agricultural lime daily. The price is \$1.75 per ton f. o. b. Gold Hill.

The freight in car lots of 20 tons to Grants Pass is 84 cents per ton, making the lime \$2.59 per ton here.

The state lime board has encountered and overcome many obstacles in getting this plant in operation. It has finally got things in shape to produce agricultural lime at cost, but has no funds for operating expenses.

The successful operation now depends upon orders received for lime within the next two weeks.

We can make up a car lot shipment if the farmers want the lime. Our office is ready to engineer the shipment at any time.

C. D. THOMPSON,  
County Agent.

Conditions at O. A. C.

Miss Turley writes to a Grants Pass friend that Major Dr. Cross, U. S. A., states that influenza conditions at Corvallis are the best of any S. A. T. C. in the state, a statement which is intended to relieve anxiety of parents who have sons in the camp.

GO TO HOME SUNDAY SCHOOL TODAY

Governor Withycombe has issued a proclamation appointing October 27th as "Go-to-Sunday School Day." The date was established by the International Sunday school association for observance throughout the North American continent. Because of the present epidemic the Oregon Sunday school association, through its general secretary, Rev. Harold F. Humbert, is asking every family in the state to set aside a period during that day for prayer and Bible study at home.

The governor's proclamation is as follows: "Recognizing that the Sunday school is building up the nation's moral resources and is, in consequence, a necessary agency in maintaining America's second line of national defense, I hereby appoint October 27 as 'Go-to-Sunday-School Day' throughout the state of Oregon and respectfully urge Oregonians to join with the people of other states in this nation-wide observance. The Sunday school is the recruiting ground for Christian service and exerts an important influence upon American citizenship, which is today facing a most serious test by reason of unprecedented trials and responsibilities."

"Being mindful of the importance of Sunday school work I respectfully call upon the leaders in the Bible school movement to plan such an observance of Go-to-Sunday school day as shall emphasize the necessity of Christian training in a democracy. And I further request that in every Sunday school in Oregon devout prayer shall be offered on October 27th that Almighty God shall grant speedy triumph to the allies in their heroic struggle for righteousness and justice. Let us make this Sunday an occasion of solemn devotion and supplication to Him who is guarding and defending our soldiers and sailors and comforting those who have suffered bereavement because of the war."

(Signed) "JAMES WITHYCOMBE."

SAVE YOUR FRUIT PITS FOR THE BOYS' MASKS

N. S. Bennett, who was here Friday evening from Medford gathering up fruit pits for the government, is urging every family to save pits of most every kind. Those wanted are prune, plum, cherry, date, olive, peach and apricot pits and hickory nut and walnut shells.

Mr. Bennett took three sacks of pits from this city to Medford Friday, and states that he expects to gather two or three barrels more at this place. Medford is the central shipping point for southern Oregon, and there are now approximately 2,500 pounds of pits there ready for shipment.

It requires about 200 peach pits, says Mr. Bennett, or seven pounds of nut shells, to produce enough carbon for one gas mask. Carbon from other sources is used in some masks, but that made from fruit pits is said to be the best protection against the poisonous German gas when placed in the respirators.

Mr. Bennett is urging that every family save their fruit pits and deposit them in the barrels found on the streets of Grants Pass, placed there for that purpose by the Red Cross. Do your bit toward saving the soldiers' lives by saving the pits.

OBITUARY

Mrs. H. A. Corliss  
Mrs. H. A. Corliss was born October 27, 1854, at Fishport, Maine, and died at San Francisco, Thursday, October 24, 1918. She came to the Pacific coast in 1877 and has been a resident of Grants Pass and vicinity for the past 25 years. She is survived by her husband, two daughters, Mrs. W. I. Sweetland, of Roseburg, and Mrs. J. A. Corneller, of San Francisco, and one son, Chas. W. Gray, of this city, and by two brothers, E. F. Ridley, of Ellensburg, and F. W. Ridley, of Seattle.

The body is to be buried in the Masonic cemetery this (Sunday) afternoon at 3:30, an open air service being in charge of the Eastern Star.
