Sweet Daddy.
Sweet Emmalina, my gal.
Sweetest girl in Tennessee.
Sweetheart time.
Sweet little buttercup.
That beautiful baby of mine.
That's the kind of baby for me.
Then I'll come back to you.
There are two eyes in Dixie.
There'll be a hot time in the U. S. A.
There's a green hill out in Flanders.
There's a little bit of bad in every good little girl.
There's a little blue star in the window.
There's a little home in my land.
There's a mother old and gray who needs me now.
There's an angel missing from heaven.
There's a service flag flying from our house.

NEW RULING ON SUGAR

Sam H. Baker, food administrator for Josephine county, has received a telegram from the state food administrator at Portland, to the effect that beginning November 1 the allowance of sugar will be three pounds per person each month, and for restaurants, three pounds for each 90 meals.

JOSEPHINE EDUCATOR VISITS ROSEBURG

Mrs. Alice M. Bacon, county school superintendent of Josephine county, who was a visitor here yesterday, returned to Grants Pass this morning. Mrs. Bacon is working in the interests of the Victory Boys and girls campaign and came here to confer with Walter Gross, state manager, from Portland, who was in the city yesterday arranging for the campaign.

Mrs. Bacon said that the influenza situation in Josephine county is much improved and that the rural schools are re-opening, after the quarantine ban. The schools in Grants Pass are still closed but she expects them to open within a few days. Josephine county has been more fortunate in obtaining teachers than Douglas county, and Mrs. Bacon said they were but one teacher short in the entire county, but she has selected a large number of teachers from recent high school graduates and retired, experienced teachers.—Roseburg Review.

MAN KILLED ON SPEEDER AT GLENDALE BY ENGINE

A report reached this city today that Nels Stranne, a section foreman at Glendale, was run over by a light engine near that place yesterday and killed. Definite information cannot be had at this time, but the report stated that August Goettsche, an engineer of this city, was running the engine at the time of the accident. It seems that Stranne was on a speeder and was unable to get out of the way in time. Mr. Goettsche left for Portland last evening.

Conrad P. Olson was selected by Governor Withycombe from a statewide field of aspirants as justice of the supreme court to succeed Justice Moore. He is now on the job. Keep him there by writing in his name on November 5th. (Adv.)

OPPORTUNITY TO EARN THRIFT STAMP MONEY

To the Residents of School District No. 7:
Until November 15th 25c per name will be paid cash for each child between the ages of 4 and 20 residing within School District No. 7 whose name does not already appear on the annual census on file in the clerk's office. Those interested should call at the office of E. S. Van Dyke, clerk, for cards and further information. The names lacking on the annual census will probably be from families where there are no children in school, or recent arrivals.

RED CROSS SELLS \$200 WORTH OF MAGAZINES

The local Red Cross chapter reports having made a shipment yesterday of 23,820 pounds of A1 magazines, including 320 pounds from Rogue River. This shipment will bring about \$200, with some little expenses to be paid out of that. The effort was worth while, and the public is called upon to save their A1 magazines, books of account and things of that kind for a call to be made soon.

OUR BOYS IN SIBERIA ARE NOT SO BAD OFF

There is a sort of general impression, says an authority, that Siberia is a waste land, the epitome of cold and desolation. In the face of this, it is interesting to know that our armies now stationed in and around Vladivostok are really well off.

The country and climate are about like that of eastern Pennsylvania, and the soldiers have fine times fishing and hunting. The winter season begins, like ours, in November, and the facilities for barracks in Vladivostok are unusually good.

The Russians in that part of Siberia are reported to be in accord with the United States, and have the presence of our armies as the harbinger of better days to come for bleeding Russia.

FARMERS ATTENTION

Experimenting costs money. We are doing business on a solid basis, as we have our trade established—no experimenting.

I learn that some parties were in the county last week explaining their company's operations. The fact is that the same company tried to break the market and lower the butter prices to 61 cents. You ask them—they cannot deny it. The Hazelwood Company has kept the price to what it is and we are paying 65 cents now.

Producers can help themselves by sending butter fat to the company that has a market for all their goods, and always pay the top prices.
