TRAINED TEACHERS CANNOT BE SECURED

Grants Pass, Oregon.
November 2, 1918.

Editor Rogue River Courier.

Dear Sir:

In reply to your question as to local needs for more normal schools in our state we wish to make the following statement:

The teaching profession has been so depleted by the men and women going into the service and other more lucrative lines of activity that no more trained teachers can be secured to fill further vacancies in our schools. Even though the war may close soon very few of these will find their way back into the profession on account of better pay in other lines of service. We have tried to get teachers from this state and other states and find that they cannot be secured. The city and rural schools have had to employ unprepared teachers who have been out of service for years in order to fill their schools and even now some schools are not filled. In adjacent counties large numbers of schools have not been able to open because teachers cannot be secured.

We sincerely hope that the voters of Josephine county will realize this condition and not vote against more normal schools next Tuesday.

Very respectfully,
ALICE M. BACON,
County School Superintendent
J. G. IMEL,
Superintendent City Schools

Standers, Walkers, "Gets-It" for Corns

World Has Never Known Its Equal.

"What will get rid of my corn?" The answer has been made by millions—there's only one corn-remover that you can bank on, that's absolutely certain, that makes any corn

Corn-Pain Is Eased—the Corn Is Doomed!

on earth peel right off like a banana skin—and that's magic "Gets-It." Tight shoes and dancing even when you have a corn need not disturb you if you apply a few drops of "Gets-It" on the corn or callus. You want a corn-peeler, not a corn-fooler. You don't have to fool with corns—you peel them right off with your fingers by using "Gets-It." Cutting makes corns grow and bleed. Why use irritating salves or make a bundle of your toe with tape or bandages? Why putter and still have the corn? Use "Gets-It"—your corn-pain is over, the corn is a "goner" sure as the sun rises. "Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. M'f'd by E. Lawrence & Co., Chicago, Ill.

Sold in Grants Pass, and recommended as the world's best corn remedy by George C. Sabin.

National
Mazda Lamps

HAVING too little light puts a strain on children's vision that they may never outgrow! Why not have plenty of light? National MAZDA Lamps give three times the light of old-fashioned carbon lamps without adding a penny to your light bill.
