There's a vacant chair in every home tonight. There's Egypt in your dreamy eyes. There's just a little bit of monkey still left in you and me. There's no end to my love for you. There's someone more lonesome than you. There's something in the name of Ireland. They go wild, simply wild over me. They were all out of step but Jim. Though I'm not the first to call you sweetheart, please let me be the last. Those olden, golden days of long ago. Three wonderful letters from home. Throw me a kiss from over the sea. Throw no stones in the well that gives you water. Tom, Dick, Harry and Jack.

GOODBY,  
WOMEN'S  
TROUBLES

The tortures and discomforts of weak, lame and aching back, swollen and bloated feet and limbs, weakness, lassitude, dizziness, nausea, that tired wornout feeling, nervousness, sleeplessness, as a rule have their origin in kidney trouble, not "female complaints." These general symptoms of kidney and bladder disease are well known—so is the remedy.

Next time you feel a twinge of pain in the back or are troubled with headache, indigestion, insomnia, irritation in the bladder or pain in the loins and lower abdomen, you will find quick and sure relief in GOLD MEDAL Haarlem Oil Capsules. This old and tried remedy for kidney disease and allied derangements has stood the test for hundreds of years. It does the work. Pains and troubles vanish and new life and health will come as you continue their use. When completely restored to your usual vigor, continue taking a capsule or two each day; they will keep you feeling fine and prevent a return to your trouble. GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories at Haarlem, Holland. Get them from your druggist. Do not take a substitute. In sealed boxes, three sizes.

IT'S A PATRIOTIC DUTY

We owe our county, state and government to vote on Tuesday November 5th.

Having been unable to spare time from my office for a personal visit to the voters, I trust you will pardon the few words I offer at this time regarding my re-election for a second term as county treasurer.

The duties of county treasurer properly performed are not of a minor nature. In fact there are many ways of cutting down the county expense account, and I believe my records will show that every care has been taken and nothing overlooked toward this saving.

The statement is made in a letter which seems to have received wide circulation, that the energies of men are demanded in occupations more vital to our success in war. We all admit this to be true, but some men are too old and others too young for military service; therefore the energies of this class are needed at home.

I was born at Washington, Connecticut, on September 13th, 1867, which, I am sorry to say, places me in the "old mans" class, and I think there is greater opportunity for a young woman of clerical ability to get one of the many government positions than there is for a man of my age.

Should you feel that I have conducted the office of county treasurer in a manner entitling me to another term, I will appreciate and thank you for your kind consideration; in any event go to the polls and vote next Tuesday.

J. N. JOHNSTON ENTERS  
HEAVY ARTILLERY CORPS

J. N. Johnston left Friday night for Camp Zachary Taylor, Louisville, Ky., to enter the heavy artillery officers' training corps. The entry of Mr. Johnston into the service brings the line of soldiers in the Johnston family down another generation, his father, grandfather and great-grandfather having fought in the service of the U. S. A.

E. S. Van Dyke will have charge of Mr. Johnston's law practice during his absence.

TRAIN CREW BLAMELESS  
IN DEATH MR. STRANNE

Coroner Ritter returned last night from Glendale, where he went to make an investigation regarding the death of Nels Stranne, who was killed by a freight train near Glendale, Thursday.

According to a statement of J. O. Johnson, yard master at Glendale, Mr. Stranne was engaged with Louis Holt in taking a light push car to a point about one fourth of a mile west of Glendale, and at a point 925 feet east of where the push car was to be taken, entered block signal territory. From a statement of Louis Holt, the block signal stood at danger, when they entered with the push car, and Mr. Stranne made the statement that they would have to hurry to take the car off. After traveling the distance of 925 feet the two men saw a train approaching 300 feet west of them, and in trying to take the car off, Mr. Stranne was struck by the engine. After securing all the details regarding the accident, Coroner Ritter did not deem an inquest necessary. No blame whatever is attached to the crew of the train by which Mr. Stranne was killed.—Roseburg News.

The train which struck Mr. Stranne was a 60-car freight, with four engines, August Goettsche, engineer, and Joe Galvin, fireman, of this city, occupying the head engine. Their many friends here will be glad to learn that they have not been held responsible in the slightest degree for the unfortunate death of Mr. Stranne.
