THE President has expressed what is in every American heart. As a nation we are united in the winning of this war. As a nation we stand behind our fighters eager and prepared to do for them whatever will hasten victory and make the fighter's task a little lighter.

As individuals there is little we can do. As a nation we can work wonders through the seven organizations authorized and recognized by the Government.

It rests with you. Think of this campaign as your sole responsibility. What you give will mean its success. You cannot leave this undertaking to others. It is YOUR campaign. In France, Americans are fighting this war as if the result depended on the way each individual fights. At home, this campaign rests with you. What will you give-decide to night-and make your share the biggest thing you ever did!
