

**M**OTHERS and sisters of America, there are a thousand girls over there who are representing you. They are the girls of the Y. M. C. A., the Y. W. C. A. and the lassies of the Salvation Army. Boys come back to them at night hungry for a woman's voice in a language they can understand. They bring your letters; and the pictures of you—their sisters and their mothers over here. Have you ever stopped to think that this is the first war in which the influence of good women followed the boys straight up to the front? It's worth a lot to you to keep that influence strong and permanent. Keep it so through the

**Worse Than Gas**

Kidney disease is no respecter of persons. It attacks young and old alike. In most cases, the victim is warned of the approaching danger. Nature fights back. Headache, indigestion, insomnia, lame back, lumbago, sciatica, rheumatism, pain in the loins and lower abdomen, difficulty in urinating, all are indications of trouble with the kidneys. When such symptoms appear you will almost certainly find quick relief in **GOLD MEDAL Haarlem Oil Capsules**. This famous old remedy has stood the test for two hundred years in helping mankind to fight off disease. It is imported direct from the home laboratories in Holland, and may be had at almost every drug store. Your money promptly refunded if it does not relieve you. Be sure to get the genuine **GOLD MEDAL** brand. In sealed packages, three sizes.

**OUR BOYS NOT HOME YET, "DIG" AND HELP**

Old Oregon now has an opportunity to emblazon its name over the door of one of the ten Y. M. C. A. war huts to be established in Germany as the American army advances.

But in order to enjoy distinction, it will be necessary for the state to go down in its pocket and dig up an over-subscription of 50 per cent in the United War Work Drive. For the first 10 states to complete the campaign, will be named Y. M. C. A. Knights of Columbus and Salvation Army war huts on the western front. And as the Americans are in a fair way to invade the Fatherland, there is likelihood that Oregon's name may be carried across the Rhine, and possibly into Berlin, if the fund is subscribed.

Unexpected war needs which presented themselves at the last moment made necessary an over-subscription of the original quota in the nation, and Director General Mott, of New York, notified the Oregon committee of that fact. The state will be called upon for \$1,150,000 instead of \$770,000, while the city of Portland is looked to for \$450,000, instead of \$300,000.

The influenza epidemic has interfered with meetings that had been planned to discuss plans of the drive, but members of the committee have made the best of the situation, and have directed personal appeals to the public. They are confident the State's share will be subscribed promptly.

As official Washington has estimated two and one-half years will be required for the successful demobilization of the American army, it is readily seen that the work of the seven affiliated organizations will not cease with the signing of peace terms. Until the last contingent of American troops is home again, War Work will be necessary, and this can be carried on only through successful completion of the coming drive.

**Remember!**

Sudden cessation of the war would not mean that the boys "over there" will need less care. They will need more, for they would have more time on their hands and funds are needed to help the Y. M. C. A., Y. W. C. A., Knights of Columbus, Jewish Welfare Board, War Camp Community Service, the Salvation Army and the American Library Association to provide recreational diversion for them. **DO YOUR PART BY GIVING LIBERALLY.**
