15c each, 7 for \$1.00 postpaid. Cash with order. You brought Ireland right over to me. You came, you saw, you conquered. You can't bring back yesterday. You can't put the beauty back in the rose. You don't have to be Irish. You, just you. You made me cry for you. You made the world for me. You may hold a million girls in your arms. You never can be too sure about the girls. You never can tell. Young America, we're strong for you. You-oo just you. Your country needs you. You're breaking my heart with good-bye. You're a grand old flag. You're a great big lonesome baby. You're going to fall in love with California. You're in style when you're wearing a smile.

FORMER PASTOR SPEAKS FROM BETHANY PULPIT

A full house greeted Rev. L. Myron Booser at Bethany Presbyterian church Sunday morning when he occupied his former pulpit and gave an inspirational sermon, in which he pointed out the present day problems presented by the closing of the world war. The congregation was made up not alone of members of the church but included members of several other denominations who desired to again hear Bethany's former pastor. Although no announcement had been made for a second service, Mr. Booser complied with requests and addressed a good sized audience in the evening.

The service flag of Bethany Presbyterian church now contains 42 stars, nine having been added recently for Lieutenant L. O. Clement, Jo Pardee, Earle Voorhies, Gerald Prescott, Arthur Cramer, Robert Jewell, Gail Hamilton, Lester Calhoun and Charles Parker.

MARY ELLA WATTS, OF MURPHY, PASSES AWAY

Mary Ella Watts died at Salem, Ore., November 15, the body being brought to Grants Pass for funeral services, which were conducted at the Hall chapel Sunday by Rev. Melville T. Wire. Interment was made in the Williams Creek cemetery.

The deceased was born at Murphy, Oregon, December 9, 1883. She is survived by her mother, Mrs. Elizabeth Watts and three brothers and three sisters: Mrs. A. S. York of Oregon City, Mrs. E. F. Topping of Grants Pass, Miss Edna Watts of Grants Pass, and Alexander Watts, Jr., now in the service in France; Benjamin Watts of Murphy, and Charles Watts of Grants Pass; also two half-sisters and one-half brother, Mrs. A. J. Schrimp, of California, Mrs. R. W. Harrington, of Powers, and G. W. Elliott, of Imperial Valley.

Gift to the Garbage Children. Bessie on her birthday received a new doll. Her old one she proposed discarding, so she said: "I think, mamma, I'll give it to the garbage man. He can take it to the garbage woman and she can fix it up for the little garbage children to play with."—San Francisco Chronicle.

Peculiar Disease. Workers occupied in turning shells on lathes suffer from a peculiar occupational disease, according to Le Prof. Medica. The malady consists of an eruption of pimples due to the accumulation of iron in the skin. This accumulation is made possible by the use of impure oil.

Widows and Insurance. Even when a widow is nothing to us personally it almost always makes us feel very bad to hear what kind of securities some one has persuaded her to buy with the insurance money.—Ohio State Journal.

Lines to Be Remembered. Be a pattern to others and then all will go well; for as a whole city is affected by the licentious passions and vices of great men, so it is likewise reformed by their moderation.—Cicero.

TIME EXTENDED FOR MAILING PACKAGES

The local Red Cross chapter has just received the following letter from the American Red Cross headquarters in Seattle. Those who intend to send Christmas packages to the boys over there should read it carefully, and if they desire further information, application should be made to the local Red Cross:

We are very happy to be able to give you the following information just received by wire from Washington. This information will need wide publicity and great care should be taken to see that it is announced correctly to avoid any possible confusion.

The war and postoffice departments will issue an order today, November 15th, extending the mailing date for Christmas parcels through November 30th. This means that parcels may be mailed up to the time that your local postoffice will receive mail on November 30th.

An individual, who should have received a label but who failed to receive it or who has lost or destroyed it, may receive carton not earlier than November 21st upon signing a statement at any Red Cross Christmas parcel station substantially as follows:

"The undersigned hereby makes application to forward to (Name), (Organization), American Expeditionary Forces, a Christmas package. The undersigned hereby declares that he or she is nearest living relative in the United States of the proposed recipient; that he or she has not received this man's label from abroad; and that should such label be received it will not be used; and that to the best of his or her knowledge and belief only one Christmas parcel will be sent the proposed recipient.

(Signed) The following regulations will govern the sending of these parcels and should be strictly followed:

- 1. No carton can be given on such request until November 21st. 2. All regulations hitherto issued concerning contents, inspection, addressing, stamping, sealing and mailing apply, even to the extent that the parcel must bear a regular overseas label. The division office has authority through national headquarters from the war department to print a quantity of these labels to be used on cartons mailed under the above form of request. A supply of these overseas labels will be mailed to your chapter at once by special delivery and should be restricted religiously to the use for which they are intended, your inspectors being impressed with the fact that the war department is imposing great confidence in the Red Cross and in them. Sincerely yours, EARL EILPATRICK, Assistant Div. Manager.

Local Talent Caught—Last Friday Chief of Police McLane, after much head work and diligent searching, rounded up some local boys who recently stole 400 dynamite caps and four rolls of fuse from a store. This same store has been "touched" twice before, supposedly by home boys. There was more than one boy and less than 10 in the bunch taken to the juvenile court by Chief McLane. To make a long story short, and not throw the boys' names broadcast to the public, they were sentenced to one year in the reform school, but paroled to their parents. These are not bad boys, but they have deviated slightly from the narrow and safer path, and the chief of police requests the Courier to warn them that their acts are known generally, and that a good time to quit is right now.

"The Kaiser is Killed"—By J. T. Roberson. The Kaiser was a four footed hog, and weighed, when dressed 528 pounds. If you need good pigs, J. T. has them at \$5 to \$10, according to size, at Wonder, Ore. 18

A Good Home at Sacrifice—Leaving Grants Pass, I will sell my residence of 9 rooms, located at 622 North Fifth street at less than half its cost to build. If you want a home this is an opportunity to acquire a first class modern property on small investment and easy terms. Household furniture and canned fruit is also for sale. Money is not of first importance in this matter, but quick action is the result desired. Mrs. L. A. Lucas. 21

Knowledge Unto Himself. A group of business men met on a street corner in a certain city and were discussing the progress that has been made by the allied forces on the western front. During the conversation a fellow-citizen, who is fond of expressing his opinion, but whose field of information is so limited that he doesn't appreciate how small it is, joined the crowd and listened to the various expressions.

Unable to hold his silence, he declared: "There ain't no doubt but that our boys has thrown new life into the alleys, but in my opinion the Hunns can't fight like the Germans did." And then before anyone could get in a word he added: "And then we've done lots better work since our merchant marines has got into the front line action."

Birds as Barometers. Birds are excellent barometers. A number of our birds—swans, wild duck, coots, moorhens and others—build their nests either on the banks of a river or floating on its surface attached to the reeds or water grasses. These birds, it is said, never by chance get caught by floods, and if you see a swan's nest, say, a foot above the river level you may be sure that during the next few weeks there will not be rain enough to raise the river above that height. The common robin knows a great deal about forthcoming weather. If he sings in the morning it is a certain sign of bad weather.

Daily Thought. The great man is he who does not lose his child's heart—Mencius.

Teach Children to Be Kind. It has been truly said that any person who deliberately tortures a dumb animal would commit any crime not requiring courage. Teach children kindness to animals.

Long Wars of the Past. A review of history shows that all the most momentous clashes of arms have resulted in long wars. In the middle ages England waged an intermittent conflict with France known as the Hundred Years war; while the corresponding conflict between England and Scotland may be said to have been a five-century one.

Improved Fuel for Airplanes. That the Germans are using a new and improved fuel for airplane engines was the statement of Leon Camen before the Aeronautical society. To gasoline is added one per cent of toluol and one and one-half per cent of alcohol. The mixture gives a sharper ignition than simple gasoline, and while it exerts some deteriorating effect upon the metal, the short life of the airplane motor at the war front means that the motor is discarded before the deterioration becomes serious. Toluol is a coal tar product and is the base of that powerful explosive, trinitrotoluol.

"Colonel" is a Column Leader. The Spanish for colonel is coronel, the Italian colonello. The Spaniards originated the word 400 years ago and seem to have made it by combining the sense of the Latin columna, a column, with that of corona, a crown. We follow the French spelling, but in pronouncing we retain the Spanish "r," hence "kernel," as we say it. Literally it means the leader of a column or of the company at the head of the regiment in column.
